JUDGE CONN DIES

HEAD OF PROBATE COURT SUCCUMBS TO HEART TROUBLE.

HE WAS 70 YEARS OLD

Funeral Will Be Held At 3 O'clock Sunday Afternoon at the Baptist Church.

Judge William H. Conn, 70 years old, died suddenly while at dinner at his home on East First street at 12 o'clock today. He had been feeling poorly for several weeks but had only remained away from his duties in the Probate court for a little more than a week. Heart trouble with other complications caused his death.

The funeral will be held at 3 o'clock Sunday afternoon at the First Baptist church, the Rev. T. H. Wiles officiating. Burial will be in Miriam cemetery.

Judge Conn is survived by two brothers, A. L. Conn and Spencer S. Conn, both of Grant City, and a sister, Mrs. J. L. Hunt of Maryville. Mrs. Hunt made her home with Judge Conn.

Judge Conn was born in Nauvoo, Hancock county, Illinois, on November 4, 1846. He was educated at Teachers' Institute and Classical Seminary, Paw-Paw Grove, Ill., where he made an excellent record for scholarship, preparing himself for a teacher. In the spring of 1870 he came to Allendale, Worth county, Mo., where he taught school for two years. He was appointed and later elected superintendent of schools, serving four years, and later devoted his attention to school teaching.

In 1890 Mr. Conn moved to Ravenwood and engaged in the milling business for a period of four years. Then he again took up the real estate and insurance business, to which he added a loan department, remaining in the same until 1906, when he was elected probate judge of this county on the Republican ticket. He was re-elected in 1910 and also in 1914.

Judge Conn's present term would not have expired until January 1, 1919, and his successor will be appointed by Governor Gardner.

SHOW BIG FEATURE PLAY

Dubinsky Brothers Will Present "The Broken Rosary," Dealing with Marriage, Money and Baseball.

Dubinsky Brothers Stock Company will present their big feature play of the week tonight at their big waterproof tent. The play is termed a baseball comedy-drama dealing with marriage, money and baseball, and is entitled "The Broken Rosary."

This play was produced as a one-night stand in all of the larger cities of the country and has made a tremendous hit. A new line of vaudeville specialties will also been seen. A matinee will be given at 2:30 o'clock tomorrow afternoon. "The Calling of Dan Matthews," dramatized from Harold Bell Wright's famous book, will be the matinee offering.

THE HOPKINS CHAUTAUQUA

Committee Sets Dates of Popular Entertainment From August 15 to 19—Some of the Speakers.

Hopkins has arranged with the Vawter Chautauqua System to have a chautauqua August 15 to 19. Some strong speakers have been secured for the event, among them, Hon. Robert B. Glenn, former governor of North Carolina, Prof. Lew R. Sarett, head of the Public Speaking department of the University of Illinois and Dr. Mott R. Sawyers, one of the foremost preachers in Ohio.

Mrs. Hutton to Leave.

Mrs. Clyde Hutton and children, Billy and Jane, who have been visiting for the last five weeks with Mrs. Hutton's parents, Mr. and Mrs. John Z. Curnutt, will leave tomorrow morning for their home in Kearney, Neb.

Mrs. Andy Cummins went to Parnell yesterday to visit a few days with relatives.

TO PUSH CHAUTAUQUA

Fred Robinson Chairman of Committee Chosen by Guarantors to Further the Plans.

The guarantors for the Maryville Chautauqua at their meeting last night elected an executive committee which will plan the ticket sale, the advertising campaign and other necessities in connection with the chautauqua which will be held the first week in August.

Fred Robinson was chosen chairman of the committee. The other members are: Fred Hull, J. H. Thorp, W. W. Jones, and E .M Claypool.

It was decided to get an early start in selling the tickets for the chautauqua. The persons who signed up for tickets last summer will have tickets delivered to them first and then others will be approached.

Another meeting will be held tomorrow to perfect the plans that will insure success for the chautauqua.

COMMENT ON PURCHASE

F. F. Brockway Written Up in Chicago's "Horse Review," of This Week.

"The Horse Review," published at Chicago has an article this week relative to the purchase of the famous horse Mobel by F. F. Brockway of this city. In regard to the sales made in the Chicago sale it says:

"Mobel 2:10¼, Moko's greatest speed siring son was sold to F. F. Brockway of Maryville, Mo. Mr. Brockway is one of the most prominent young horsemen in the West, and is to be congratulated upon his purchase of a sire of such demonstrated merit as Mobel, while the state of Missouri and the surrounding states should welcome his advent."

In the same article the information is given that T. Willard Ready, the wealthy Niles, Mich., fancier was the most extensive purchaser of the best horses. Mr. Ready has several horses here in charge of Mr. Brockway.

S. S. CONFERENCE TONIGHT

Nodaway County Teachers Will Meet to Discuss the Work of the Departments.

Delegates from each town in the county will attend the semi-annual conference of the Nodaway County Sunday schools which will be held at the First Baptist church this evening. At 6:30 o'clock dinner will be served by the Baptist women and at 7:30 o'clock the conferences of the various departments will begin.

There will be a county officers' conference under the direction of G. B. Roseberry, the president of the association, an elementary conference under the leadership of Mrs. R. M. Barry, a Teen Age conference under Miss Fannie Hope, and an Adult and Home department conference under the direction of E. M. Claypool.

At 8:30 o'clock the general conference of all of the departments will be in order, President G. B. Roseberry presiding. The five Protestant ministers will address the Sunday school body and will lead the discussions on the following subjects:

"The Pastor as Director of Religious Education," the Rev. Gilbert S. Cox.

"Special Days and Special Day Committees," the Rev. R. C. Holliday.

"How the Pastors of Nodaway County May Help the Nodaway County Sunday School Association Realize Its Goal," the Rev. S. A. Colle.

"What the Sunday School May Do to Help the Community," the Rev. T. H. Wiles.

"The New International Training Course," the Rev. C. Emerson Miller.

$180 For New Flag Pole.

More than $180 has already been subscribed for the new flag pole which will replace the one recently removed from the Court House yard. The petitions will be circulated today and the collections are expected to reach at least $200.

Mayor Robey is in favor of having the new pole located at the intersection of Third and Main or of Fourth and Main streets, but this will be decided later.

W. L. Moorhead, editor of the Hopkins Journal, spent today in Maryville.

HASTINGS' CAREER

DEAD MAN SAW SERVICE AS A GOVERNMENT SCOUT.

WAS AN OLD SOLDIER

Came to Maryville in 1869 and Entered the Jewelry and Stationery Business—Funeral Tomorrow.

The funeral of Fred Hastings, 80 years old, who died at his home at 3 o'clock yesterday afternoon after a long illness of a complication of diseases, will be held at 2:30 o'clock tomorrow afternoon at the family residence on East Fourteenth street. The services will be conducted by the Rev. T. H. Wiles, pastor of the First Baptist church. Burial will be in Oak Hill cemetery.

The members of the G. A. R., to which Mr. Hastings belonged, will attend the services in a body. The W. R. C. is requested to meet at the home of Mrs. R. M. Black at Fourteenth and Dewey streets at 2:30 o'clock in order to attend the funeral.

The death of Mr. Hastings brings to an end the career of one of Nodaway county's interesting citizens His experiences, especially as a government scout during the Reconstruction period following the Civil War were exciting and unique.

His time was always at the service of his government in any position it might ask him to fill, especially the school board to which he gave years of his best thought and time.

He was very modest and unassuming and had a great dislike for show or shams. He held no ill will toward anyone whom he knew laid claim to gifts which they did not possess.

He was loyal in the extreme to friends and there have been many who would be glad to testify to his loyalty and generosity.

Mr. Hastings was an Englishman by birth, having been born in London, England, eighty years ago. When just a child he came to Brunswick, N. J., where he grew to manhood. He lived for a short time in Chicago and then moved to Muscatine, Ia.

In 1861 he joined Company H, Eleventh Regiment, Iowa Volunteer infantry, from Muscatine. He was in the great battle of Shiloh, serving for a time as telegraph operator which business he had learned at Muscatine. In 1864 he entered the service of the Third United States Artillery and was first lieutenant of Battery K In this office he served in the fight at Memphis, Tenn., his battery defending that city.

Lieutenant Hastings was for a time on detached service as staff officer at Memphis under General Kapner, remaining in that city until August 1866. He was in charge of the ordnance store, receiving and distributing ammunition, etc. He had charge of a large detail of men for this purpose, Memphis being the base of supplies for the Western army. He was discharged as first lieutenant.

The most interesting part of Mr. Hastings' career was during the reconstruction period, following the Civil war, when he was in the government scout service with headquarters in Memphis. His duties were largely to prevent smuggling, especially smuggling and selling whiskey, and he remained in that service for a period of three years.

Mr. Hastings' residence in Maryville dates from 1869. Soon after arriving in this city, he went into business with H. T. Crane, under the firm name of Crane & Hastings, and with a stock in trade of jewelry, books and stationery. The business was successfully carried on for over thirty years, and then Mr. Hastings retired from active business life.

In 1865 Mr. Hastings was married to Jane Bywater, at Memphis, Tenn. Mrs. Hastings and three children, Mrs. Gay Leeper, Maryville, Mrs. Fredda Brown of Kansas City, and Harry Hastings of St. Joseph, survive Mr. Hastings.

NEILSEN CONCERT TONIGHT.

Postponed Musicale to be Held at the First Methodist Church.

The concert, which was to have been given by Marcus Neilsen, baritone, last Tuesday evening, and which was postponed on account of the rain, will be given at the First Methodist church at 8 o'clock this evening. The same numbers will be given. Mr. Neilsen will be assisted by Fred Lewis Hakel, violinist.

FOR A BOND ISSUE

COUNTY WILL NEED ONE TO REPAIR DAMAGED BRIDGES.

LOSS NEARS $100,000

Bridge Fund Now Overdrawn $18,000 With No Money Available Until June 1.

The proposition of having a county bond issue to build bridges is being discussed considerably and is being well received. The members of the county court favor such a movement as there is no other way in which to build the necessary bridges.

The members of the court in discussing the proposition said that the recent high water has done $100,000 worth of damages to bridges. Two river bridges near Quitman over the Nodaway river were washed out and one of the bridges was found five miles south of Quitman. The Corken bridge near Burlington Junction will have to be repaired and the bridge over the drainage ditch near the city pumping station will have to be repaired.

A number of bridges on the Elkhorn, White Cloud and other rivers were washed out.

The county bridge fund is now $18,718.03 overdrawn and with a great amount of bridge work which will have to be done, caused by the recent high water, the county court faces a problem which can only be solved by having at least a $200,000 bond issue for bridges. No money from the bridge fund will be received until the taxes are collected in December. This amounts to about $40,000.

For a number of years past the county bridge fund has been insufficient to take care of the bridge needs of the county. With the recent damage, there seems to be only one way of solving the problem, and that is by having a bond issue and build good substantial concrete bridges that will be permanent. Such a bond issue should have been voted several years ago.

It would be necessary to secure a petition to call such a special election which should be held within the next few weeks. The county court would like to know what the people think of the proposition.

Nodaway county has been noted for a number of years for having the worst bridges of any county in Missouri.

The Democrat-Forum would welcome communications giving the opinions of Nodaway county citizens on the bond issue.

RIVERS AND TRAINS

FLOOD SITUATION ABOUT THE SAME AS YESTERDAY.

WATER HIGH AT PLACES

Burlington Junction and Quitman Report Rivers Rising—Railroads Resume Part of Service.

The river and train situations occasioned by the heavy rains of the first of the week, are just about the same as they were yesterday. In some places the rivers are falling and in other places they are rising. The Wabash and Burlington roads are both working hard to get their tracks in shape in order to supply a through train service, but the difficulties are many and the work at best is slow.

The Burlington with its regular mail service had a train from the north this morning here at 7:52 o'clock from Creston, Ia. One is expected at 4:48 o'clock this afternoon from Creston also. Neither of these trains goes south, and it will not be possible for the Burlington to give any service at all from the south before Monday morning.

On the Creston train this morning a number of officials traveled to Maryville to inspect the tracks. They went one mile south of Arkoe and were forced to stop, the water being from three to five feet deep over the tracks. The trains from St. Joseph can get as far as Rosendale.

The Wabash trains are all running with the exception of No. 11 and No. 14, the through trains to and from St. Louis. The other trains are running east as far as Pattonsburg. It is expected that trains will be running to St. Louis by Sunday.

The Rock Island which has been tied up at Gallatin expects to have a train through this evening.

The mail service which has been irregular will be adjusted in a few days. The mail is coming from the west on all the trains today and an effort will be made to get some through from the east as soon as possible.

The 102 river at Arkoe is rising say the reports but the bridges in the vicinity are still holding their own. A local train from Maryville went to Arkoe and returned this morning.

At Quitman and Burlington Junction the rivers are rising. At Quitman the rise was two feet.

At the pumping station the river is falling fast. The bridge near the pumping station is impassable and it will not be fit to use until repaired.

To P. E. O. Meeting.

Mrs. Charles Wadley and Miss Fannie Hope will leave the first of next week for Columbia, Mo., where they will attend the state convention of the P. E. O. Sisterhood at Christian College.

TO HAVE ATHLETICS

MISSOURI ASSOCIATION DECIDES TO CONTINUE SPORTS.

VOTE OF SCHOOLS 7-1

War Will Not Defer the Boys From Scheduling Inter-Collegiate Games For Next Year.

That athletics should not be discontinued because of the war is the verdict of the Missouri Inter-Collegiate association on the question which schools all over the country have been debating.

The matter was formerly brought before the association at the meeting last month at Liberty, and Director of Athletics Walter Hanson, who is secretary of the association, was instructed to ask all the colleges and state normal schools in the conference for their decision on the question, which was stated as follows: "Shall inter-collegiate athletics be retained in your institution during the war?"

The answers were slow coming in and it was not until today that Mr. Hanson announced the decision and he has written to all athletic directors and presidents. The text of the letter is as follows:

"The presidents of the colleges and state normal schools of the Missouri Inter-collegiate Athletic association are in favor of the continuance of inter-collegiate athletics during the war providing a sufficient number of men are in school next fall to justify it.

"The majority indicated that the Missouri Inter-collegiate Athletic association had better postpone a final decision as to what should be done until we get farther along and can see our way clear."

The vote of the schools was seven to one with two schools not voting and two not heard from. Those in favor the continuance of athletics were: Maryville Normal, Central Wesleyan College, William Jewell College, Westminster College, Drury College, Tarkio College, and Kirksville Normal. The negative vote was from Central College which declared in favor of reasonable limitation. Missouri Valley College and Springfield Normal expressed themselves as unwilling to give a final decision at

PERSHING ARRIVES

MAJOR-GENERAL SAFE IN ENGLAND SAY CABLE ADVICES.

AMERICAN SHIP IS SUNK

Downed by German Submarine in the English Channel—Survivors Boats Shelled.

Special to The Democrat-Forum.

Washington, June 8.—"Black Jack" Pershing, a soldier par excellence and major general of the United States regular army, is in England. Cable advices announcing his arrival at a British port reached here today. A sense of gratification was expressed by officials generally over the safe arrival and they came to a realization that at last the entire United States service is in the war. From now on units of every branch of the service will proceed to France by selected routes.

Unknown American Ship Sunk.

Paris, June 8.—An unknown American ship has been sunk by a German submarine in the English channel. The boats containing the survivors were shelled and sunk.

News of the destruction of the ship and subsequent attack upon the survivors was received at a French port today from survivors of a French sailing ship. Both ships were sunk May 31. The French sailors suffered greatly and finally managed to reach Havre. Their ship was torpedoed first and they witnessed the sinking of the Americans.

SECOND DAY OF BATTLE

British Drive Continued With Unabated Violence in Belgium, South of Ypres.

Special to The Democrat-Forum.

London, June 8.—The gigantic battle which began in Belgium yesterday with the opening of the great drive continued today with unabated violence around the crater of what once was Wyacheate ridge, south of Ypres. The British and German soldiers are fighting with demon-like fury.

All England is ringing with praise of Haig's army and thrills with pride over the news that the British are still pressing forward.

KERENSKY'S POWER GROWS

Signs for the Continuance of Russia in the War Are Now Growing Says Dispatch.

Special to The Democrat-Forum.

Copenhagen, June 8.—War Minister Kerensky's strength is growing in Russia and signs for the continuance of the Russians in war are brighter, said a Petrograd dispatch today from well-defined reports. It is current in Petrograd that Hindenburg had sent a wireless message to the council of workmen and soldier delegates saying that Germany was in sympathy with the dictum "peace without annexation and indemnity," and ready to enter peace negotiations.

Records Severe Earthquake.

"We have got to absorb into our business and social life this shock of going to war. When it is absorbed things will begin to mend. And if the war goes on for two or three years, as it may, then we shall see a period of prosperity, probably a period of inflation, that will eclipse any former showing. It is inevitable and part of the irresistible law of economics. In a few months there will be millions who will be seeing it in just this same way."—Exchange.

BUSINESS AS USUAL.

"War is bad business, but don't you ever make the mistake of thinking that war means bad business.

"It takes a dozen farmers, mechanics, trainmen, butchers, bakers, tailors, and shoemakers to maintain a soldier.

"We can't put a million men under arms without putting at least twelve million other men under the eight-hour clock.

"Factories must work day and night shifts, railroads will operate extra trains, produce will ride to port from every arable acre on the continent.

"Get busy and keep busy. Hire new help, enlarge your plant, order machinery at once.

"Consumption will not diminish. Uncle Sam is in the market for more goods than the members of the new army and navy individually purchased, and their sons and daughters and wives will soon be holding down their old jobs and collecting their men's wages, which will in turn be spent at the grocer's the department store and the druggist's.

"Patriotism is flooding Washington with ready cash and Washington is shipping it in carload lots to the manufacturers and retailer. There are no bread-lines ahead. An unprecedented era of prosperity is around the bend.

"However, sad the price, the business outlook was never better."—Exchange.

PICKERING CHILDREN'S DAY

First Methodist Church Will Celebrate Occasion With Program at Sunday School Hour.

Children's day exercises at the First Methodist church of Pickering will be held at 10 o'clock Sunday morning during Sunday school hour.

IT COSTS MONEY NOW TO TALK TO DOCTORS

New York.—A new schedule of physicians' fees showing consistent advances is recommended by the Bronx County Medical society. Hereafter no free medical advice will be given over the telephone. Conversation with a physician over the wire on non-medical topics is permitted, but if the question, for instance, of the baby's latest ailment is injected a bill for $1 will be forthcoming. If the physician is called to attend one member of a family and some one casually inquires about the symptoms of another member an extra charge will be made.

Bible Saves Man's Life.

Philadelphia.—An old Bible tucked in his vest pocket saved the life of George Tustin, forty-four, when, according to the police, his companion and roommate, Frank Hatfield, stabbed him just below the heart. The knife penetrated his breast after passing through the Bible, inflicting a serious wound. Hatfield has been arrested.

THIS MAN LEARNS TO READ WITH TONGUE

Chicago.—The loss of his sight and both arms in a mine explosion in 1906 failed to cause despair to William McPherson of Highland Park, Ill. He has since learned to read with his tongue by means of raised letters on porcelain slabs. Now he has been fitted with artificial arms and can feed himself, for the first time in eleven years.

COMING BACK

FOR ONE DAY ONLY
United Doctors Specialist
Will Again be at
MARYVILLE, MISSOURI
Thursday, June 14th, 1917.
Hotel Linville Parlor
Hours 9 a. m. to 8 p. m.
Avail Yourself of Free Services!

STAY YOUNG LIVE LONG
with Rosy Cheeks and Sparkling Eyes

The United Doctors Specialist, licensed by the State of Missouri for the treatment of all diseases including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of the remedies supplied.

Enjoy Robust Health. Those afflicted with long-standing, deep seated, chronic diseases, of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcer, weak lungs and other ailments that have baffled the skill of the family physicians, should not fail to call. Deafness often has been cured in sixty days. The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their result that in many cases it is hard to find the dividing line between skill and miracle.

Bloodless Surgery. According to their system there is no more need for operations of appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife, with blood and with all pain in the successful treatment of these dangerous diseases.

Sleep Soundly. No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable, they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Eat Heartily. Worn out and run down men or women, no matter what your ailment may be, call, it costs you nothing. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last remedies have been discovered that are reasonably sure and certain in their effect.

Free Offer. Remember this free offer is for this visit only.

Married ladies come with their husbands and minors with their parents.

Laboratories, Cleveland, Ohio.

NORMAL NOTES

William Van Cleve.

Maryville Normal, out of her small number of boys, has contributed seven to the defense of the country. The seven who have enlisted voluntarily in the various branches of the service are: N. C. Wagers, Charles Wallace, Glenn Corum, William Todd, Sam Chambers, Chauncey Saville and Lewis Hunt.

Hunt enlisted in the medical corps and Todd in the infantry of the regular army. Chambers and Saville joined the navy, and Wagers, Wallace, and Corum have enlisted in the Maryville Fourth Regiment Band. Wade Henderson also enlisted in the regular army but was rejected at Jefferson Barracks, St. Louis, because of physical disability.

* * *

Lee (Dad) Scarlett was notified yesterday that he had been elected Manual training instructor and coach at Bethany High school. Bethany has plenty of material and we will expect "Dad" to turn out some championship teams.

W. H. Burriss, superintendent of the Bethany schools is an instructor at the Normal during the summer session, and he is "looking over" several other candidates for places in the Bethany schools.

* * *

Harold Staples is another product of the manual training department of the Normal who has been elected to a good position for next year. He has been chosen instructor of manual training in the seventh and eighth grades of the schools of Klamath Falls, Oregon, at a salary of $100 per month.

Joe Lukens, also one of this year's graduates and president of his class, has accepted a place as manual training instructor in the schools of Liberty, Mo.

Fred Vandersloot and Fred Lewis, both of whom will receive their degrees this summer, have been re-elected to the positions they held last year, at St. Joseph Benton and Chillicothe High schools respectively. Vandersloot will have full charge of athletics at Benton next year.

Word has also been received that Howard (Hickory) Leech, '16, has been advanced from manual training instructor and coach at Waukon, Ia., to the same kind of position in Shenandoah High school. The promotion carries with it a substantial increase in salary.

Warren H. Breit of this year's graduating class has been elected principal of the commercial department of Maysville High school for the coming year.

* * *

Tennis will be the only branch of athletics to be engaged in by Normal students this summer and it will not take the form of an inter-collegiate sport. Later on, however, volley ball teams may be formed and other minor sports begun.

Quite an interest in tennis is being taken by the students. Already more than forty have signed up and many more are expected to take advantage of the Normal courts. Those who have already enrolled have been assigned periods in which they may occupy the courts so that all may have a chance to play. There are four courts with a total capacity of sixteen players at one time.

* * *

It is unlikely that a drill squad will be formed this semester as only a few boys have evinced any interest in the proposition. The girls however, will continue with their work in preparing surgical dressings.

* * *

The enrollment for the summer session has now reached the figure of 579. This is not so large as last year when there were 703 enrolled but it is excellent considering the unsettled condition of the country at this time.

Card of Thanks.

We desire to extend our heartfelt thanks to our friends and neighbors for the kindness and sympathy shown us during the illness and death of our beloved son, and for the many beautiful floral offerings.—Prof. and Mrs. S. E. Davis.

ASTOUNDING REPORT FOR MARYVILLE.

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka benefited her INSTANTLY. Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. The Koch Pharmacy.

Mrs. Curnutt Back.

Mrs. Marvin Curnutt, who has been visiting her parents, Mr. and Mrs. Curtis Wray of Chicago, arrived home this morning.

IN SELECTING FOODS

PROBLEM NOW IS HOW TO SPEND ONE'S MONEY WELL.

PLAN MOST CAREFULLY

Good Food Habits Are An Important Part of Personal Hygiene and Thrift.

Washington, D. C., June 8. — The following suggestions on getting the most food for one's money are from U. S. Department of Agriculture Farmers' Bulletin 808, "How to Select Foods."

Use cereals (flour, meal, cereal breakfast foods, etc.) freely, taking pains to prepare them with great care and to vary the kind used from day to day if necessary to keep people from tiring of them.

Remember that a quart of whole milk a day for each child, to be used as a beverage and in cookery, is not too much.

Plan carefully both in buying and in serving.

Do not be ashamed to plan closely. Thrift in food means providing enough food, neither too little nor too much.

Notice carefully how much of such staples as flour, sugar, milk, cooking fat, etc., is used each week for a month, and see if there are any ways of cutting down the quantity needed.

Buy non-perishable materials in quantities if better prices can be secured and there is a good storage place in the home. Neighbors can sometimes club together to get lower rates.

Estimate carefully how much of any material will be needed before laying in a supply, then see that none is wasted by careless handling.

Try to make the dishes served of such size that there will be enough to satisfy the appetite of the family and no unnecessary table and plate waste.

Do not be above noticing whether anything usable is thrown away with the garbage, which always shows how thriftily food is used in a household.

Many inexpensive materials can be made attractive and the diet can be pleasantly varied by a wise use of different flavorings.

"Finicky" tastes in food often prevent the use of many valuable materials which might be the means of saving money.

Good food habits are an important part of personal hygiene and thrift. Children get such habits by having suitable amounts of suitable foods served to them and then being expected to eat what is set before them.

True economy lies not only in buying wisely but also in making the fullest possible use of what is bought.

Henry Anderson Breaks Arm.

Henry Anderson, who lives ten miles southwest of Maryville suffered a broken arm yesterday when trying to crank his car. Mr. Anderson was in Maryville and was just starting for his home when the accident occurred. Medical aid was immediately procured. Mr Anderson remained in Maryville at the home of his brother, A. J. Anderson on Grand avenue. He is reported improved today.

Harry Fisher and Vern Manley, who have been spending several months in Canada, have returned to their homes in Maryville.

A Match With Each Cigar.

From The Scientific American.

No longer will it be necessary for the cigar smoker to fumble about his pockets for a match or to ask his neighbor for a match, for Harry R. Van Deventer of Sumter, S. C., has secured a patent on a method of packing a match with each cigar. Mr. Van Deventer proposes to have each cigar come with a match embedded in the butt end, the match being provided with a waterproof covering, which, at one end is twisted into a tail that extends through the butt end so as to be readily pulled out. The idea, although simple, appears to be an excellent one and its application to the manufacture of cigars would not be costly since most of the work might be done by machinery.

When He Volunteers.

James Gabelle in Life.

The Minister—Trust in God and make your powder fly.

His Doting Mother—I wonder how long before he'll be a general?

His Militant Father—Bully for him.

His Pacifist Uncle—Dear me! Dear, dear me!

His Proud Aunt—He gets his brave spirit from our side of the family.

His Little Brother—Gee! I wish I could go.

His Little Sister—I wish I had a dress like that uniform.

His Chum—I hope he pays me that five bucks before he goes.

His Best Girl—Isn't he grand!

His Girl's Chum—Oh, you must give me a military button for my collection.

Their Next Door Neighbor—I suppose they'll be more stuck up than ever now.

Drill Sergeant—Oh, Gawd!

Visiting Parents.

Mrs. E. F. Schilder and little daughter, Dorothy, of New Orleans arrived in Maryville last night for a several weeks' visit with her parents, Mr. and Mrs. Frank Barmann.

GIVE PATRIOTIC PROGRAM

Parnell Young Men's Debating Society Give Discussion of Roosevelt Army to France.

The Parnell Young Men's Debating society gave a program last Saturday night at the M. P. church. Although the audience was not large, very close attention was maintained all through the program. Ernest Sherlock gave a violin solo and Miss Gertrude Spire accompanied him on the piano. Fred Messbargar, president of the society, delivered a very thrilling address on "Patriotism." The last number which was the feature of the evening, was the debate: "Resolved, That Roosevelt Should Not Be Allowed to Lead An American Army to France." The affirmative side was represented by Chester Winemiller and Guy Curry, while the negative was represented by Troy Bloomfield and Prof. W. A. Powers. The debate was well contested on both sides. Dr. E. L. Crowson, Mr. Brashear and Mr. Spoonemore were the judges and decided in favor of the negative side. Noble Klaas ccupied the president's chair during the program.

Jim Pistole of Hopkins, Mr. and Mrs. Walter Johnson of Pickering, Ray Stewart of Bedison, are among the out-of-town people in Maryville today.

Fred Fox and son, Everett, of the Palestine neighborhood were in Maryville on business today.

Miss Besse Graham of Clyde was shopping in Maryville yesterday.

Woodmen Circle to Meet.

The Woodmen Circle will meet at 7:30 o'clock Friday night at the W. O. W. hall. All members are requested to be present.

Osburns to Entertain.

Mr. and Mrs. W. J. Osburn will entertain tonight at their home on West First street. Their guests will include their friends of the 500 block on West First street.

Social at St. Mary's.

The women of the St. Mary's Catholic church will hold a social Monday night in the parish hall. Refreshments will be served. Every one is cordially invited to attend.

Yehle Boys Entertain.

Eugene and Ralph Yehle entertained a number of their friends last night at their home on East Sixth street. A 6 o'clock breakfast was served this morning. The guests included: Howard Martin, Claude Glass, Kenneth Van Cleve, Merle Selecman, Martin Lewis, Chester Lyle, Harry Holmes and John Worwag.

Missionary Meeting.

About thirty members attended the meeting of the Woman's Missionary society of the First Methodist church which met yesterday afternoon at the home of Mrs. A. C. Nicholas. A very interesting program was given. Mrs. W. T. Ramsey was the leader for the afternoon. After the business session a social hour was held and light refreshments were served by the hostess.

Miss Eliza Munn Weds.

Announcements have been received by friends of the Munn family in this city of the marriage on May 24, at Washington, D. C., of Miss Eliza Munn of Bay Minette, Ila., to Mr. Robert E. Lee Patterson of Ganister, Pa. The bridegroom and his father are the owners of an immense stone quarry near Ganister where the newlyweds will be at home in future. The Munn family resided in Maryville until a few years ago, when they moved to Alabama. For the past two years, Mrs. Patterson has been principal of the schools at Loxley, Ala.

Mrs. Farmer, Hostess.

The Woman's Missionary society of the Presbyterian church met at 2:30 o'clock yesterday afternoon at the home of Mrs. S. E. Farmer. About thirty members were present. Devotionals were led by Mrs. C. Edwin Wells and Mrs. Albert Watson read a paper on "A Visit to the Sheldon Jackson School." The president of the society gave a talk on the "Haines Hospital," in Alaska. Mrs. John Gray read a paper on "North and Western India Missions." Sentence prayers were given for the Mission workers. Following the program, refreshments were served by Mrs. Gallatin Craig and Mrs. A. J. Wells, assisted by Misses Faye and Lois Farmer and Miss Laura Craig.

Shower for Miss Thomas.

Miss Jeanette Mutz and Mrs. Floyd Ambrose, assisted by their sister, Miss Lou Mutz, entertained this afternoon with a miscellaneous shower and domino party in honor of Miss Verna Thomas, who is to become a June bride. The parlors were prettily decorated with white and green while in the dining room pink clovers and pink sweet peas were used to beautify the room. Pink and white refreshments were served. The guests included: Miss Verna Thomas, Mrs. Robert Wells, Mrs. Charley Gallagher, Miss Alma Lucas, Miss Ilene Kemp, Miss Hilda Lahr, Miss Ora Barmann, Mrs. Clyde Hutton, Miss Lola Wright, Miss Grace Langan and Miss Lyda Ambrose.

A Patriotic Party.

On Thursday evening, May 31, the E. L. E. club of Bedison was entertained by Hugh Keenan and Chess Curtin with a patriotic and memorial party. The home was beautifully decorated with patriotic colors mingled with a variety of cut flowers which made it very attractive and ideal for a memorial party. Patriotic songs were sung under the leadership of Glen Swinford. Parlor games, guessing contests and floor games were the amusements for the evening. Refreshments were served by the hosts, assisted by Mr. and Mrs. Glen Swinford. Those present were: Misses Jennie Mae Dobbins, Mary Coulter, Edith Voelker, Mamie Thompson, Nellie Thompson, Corda Smith, Cecil Lewis, Mary Lieby, Chloe Davis, Ferol and Ed Thompson, Maurice Egan, Ray Thompson, Roy Davis, Karl and Lester Swearingen, Fred Barseball, Hugh Keenan, Chess Curtin, Kent Coulter, Ralph Alloway. The next meeting will be held at the home of Maurice Egan.

Mrs. Fronk Honored.

The members of the Parnell Rebekah Lodge gave a miscellaneous shower last night at the Parnell hall as a farewell courtesy to Mrs. Byrd Fronk, who leaves soon for her new home near Sheridan. Upon the arrival of all the guests, the gifts were showered upon Mrs. Fronk from a large umbrella suspended from the ceiling. The remainder of the evening was spent with games and music. Refreshments were served. Mrs. Fronk, who has been in charge of the Parnell telephone office for the past seven years, has resigned that position and expects to move soon to her farm near Sheridan. During her residence in Parnell she has made many new friends whose best wishes go with her to her new home.

I. I. Club Meets.

The I. I. Club met with Mrs. M. D. Brenan, June 6. After the business meeting, recipes for canning were discussed by the members. Refreshments were served by the hostess. The members present were: Mrs. Clarence Duncan, Mrs. A. L. Taylor, Mrs. Andrew Fink, Mrs. B. C. Hall, Mrs. W. R. Logan, Mrs. Byron Kinsley, Mrs. Ed Seipel, Mrs. Allen Haller, Mrs. Claud Shell, Mrs. A. H. Hughes, Mrs. Ed Babb, Misses Jennie Duncan, Lydia Onstot, Irene Babb, and Mrs. Brenan. Visitors present were: Nellie, Crystal and Pauline Hall, Frances Kinsley, Lester Hall and Robert Seipel. The next meeting will be with Mrs. Joseph Cockayne, June 20.

Frank Hinton of Pickering, Mr. and Mrs. J. E. Hornbuckle of Clearmont, A. M. Burke and Rev. and Mrs. E. H. Hutcheson of Pickering were in Maryville yesterday.

PLANS VAST FLEET

Story of How Wooden Craft Building Plan Grew.

TRIBUTE TO YANKEE GENIUS.

General Goethals, Chosen to Head Work, Has Never Been Forgiven by Germany For Constructing Panama Canal When German Experts Said It Could Not Be Accomplished.

Washington.—The administration's program for building a vast fleet of wooden cargo ships to transport supplies to the allies and thus defeat the German submarine campaign was put under way when the shipping board formed a corporation to build and operate the vessels.

Major General Goethals, who at the direction of President Wilson has agreed to supervise building of the ships, will come to Washington to take charge of the work as soon as he can arrange to leave his task of building New Jersey highways. F. A. Eustace, a Boston mining engineer, who, with

Photo by American Press Association.
WILLIAM DENMAN, CHAIRMAN OF SHIPPING BOARD.

F. Huntington Clark, a New York engineer, conceived the idea of a wooden ship fleet, probably will be associated with him.

The story of how the wooden shipbuilding plan grew from an idea conceived simultaneously by two mining engineers until it has taken a place in the forefront of America's war policy reveals that Yankee inventive genius and ingenuity were as ready to meet the present emergency as at any time of national stress in the past.

After Mr. Eustace and Mr. Clark had been called to Washington by Chairman Denman of the shipping board, and the board decided to take up the plan, Mr. Eustace decided to interest General Goethals and went to place the situation before him. The canal builder immediately seized on the plan as the one way by which the United States could do most to aid the allies in defeating Germany. Then General Goethals was told the board wished him to take charge of the work. Reluctant at first to leave his post in New Jersey, the general finally was convinced the nation needed him.

General Goethals was chosen to head the work, it was explained, for three reasons—his capacity, his German descent and as a testimonial to the loyalty of American citizens of Teutonic extraction and because he is considered the one man in the United States most offensive to Germany. Germany, it has been said, has never forgiven the man who constructed the canal when German experts said it could not be accomplished.

In their efforts to persuade General Goethals to take charge of building the ships it was pointed out that he probably would spend before the war was over as much or more than was expended in building the canal.

MUST NOT ABUSE FLAG.

Desecrators Will Be Arrested, Says Justice Department.

Washington.—Warning against desecration of the American flag by aliens was issued by the department of justice. The following notice was sent to federal attorneys and marshals:

"Any alien enemy tearing down, mutilating, abusing or desecrating the United States flag in any way will be regarded as a danger to the public peace or safety within the meaning of regulation 12 of the proclamation of the president, issued April 6, 1917, and will be subject to summary arrest and confinement."

Love Sick Swain, Hero in Comedy at Burlington Depot

As its name implies, the purpose of a newspaper is to furnish news to the community, and nothing but the bare, unembellished facts may be chronicled. However, there are times when the reporter, in his industrious scratching news on a "dull" day, unearths incidents which might well take a prominent place in one of Irvin Cobb's best stories.

One of these incidents took place only recently and, in spite of threats of death and bloody murder with all the torments of a thousand infernos, we can not refrain from telling it to our readers. Here it is:

Last Sunday evening a certain Maryville young man, feeling the effects of a delayed spring, a perfect moonlight night, and certain irresistible yearnings in his own being, strode forth looking for more of the fair sex to conquer with his winning smiles.

As it was the time of year when Normal school girls, famous for their beauty and vivacity, were arriving in our city, he turned his steps toward the Burlington depot, where, together with numerous other love-sick and would-be-love-sick swains, he awaited the incoming train.

He had not long to wait. The train thundered in and when it had discharged its precious cargo, our hero picked out, as he expressed it, "the swellest girl in sight." Approaching with amiable mein, and bestowing upon his choice what could not have failed to be a winning smile, he asked in the most approved manner after the young lady's health, and also as to her ultimate destination.

As it happened, the Dubinsky Bros. company of actors and also actresses had also picked upon this particular Sunday evening to arrive in our city. Of course, they had a perfect right to do it, but they should have thought. But to get back to our hero and heroine.

Being encouraged by our heroine's willing answer that she was bound for the Bainum hotel, he suggested that because of well known dangers of the city she should accept an escort and indicated his willingness to perform that service out of the goodness of his heart.

The expectant and hopeful look upon his face was beautiful to behold. Then came the thunderbolt in the shape of our heroine's answer, when she returned, Oh, so sweetly, "Ah-h, thank you, but ah-h (notice the delicately southern drawl) I am one of the Dubinsky Brother's actresses. This, ah-h (there it is again) is my husband over here."

HONEY VS. SUGAR

LET BEES RELIEVE THE HIGH PRICE OF SUGAR.

YIELD EASILY INCREASED

A Few Good Bee Stands on Every Farm Will Make More Fruit and Other Crops.

Honey is better than sugar. Is is more easily digested. It can be used in place of sugar or syrup. Enough honey goes to waste each season on every farm to relieve the high price of sugar in the home. Let the bees save this waste. In most recipes, honey can be substituted for sugar with an improvement of the finished product. Conditions incident to the war point to a sugar shortage so it is important that beekeepers increase the yield of honey. This can be accomplished by enabling the bees to more thoroughly pasture every acre of cultivated or waste land, according to Leonard Haseman of the Missouri College of Agriculture and E. E. Tyler, bookkeeper.

A few good stands of bees on every farm will help increase the yield of fruits and other crops by the distribution of pollen from blossom to blossom besides storing surplus honey. Where there is a continuous supply of honey producing plants, such as fruit, berries, linden, white and sweet clovers with the numerous wild flowers throughout the season, above fifty pounds or more of surplus honey can be secured per colony. An apiary of a dozen colonies in standard ten frame hives with proper care will average fifty gallons of honey a year with some increase of colonies.

A start in bees may be had by transferring them from bee trees, catching runaway swarms, or buying a few swarms from a neighbor. Bees are less trouble than anything else on the farm for the profit secured, but they cannot be neglected. They respond to proper care and will give a good return for the time devoted to them. Form a local bee club of live workers and get in touch with the College of Agriculture and State Apicultural Society. Send for their reports on Farm Beekeeping, Seasonable Hints, and other helpful information on the care of bees. By forming canning clubs, pig clubs, calf clubs, poultry clubs, corn clubs, and bee clubs, much can be done in an educational way and at the same time the scarcity of food which is serious at this time can be relieved.

Gail Kane, Star Tonight.

The strange and remarkable story of Claire Wilson and the way that she won the happiness through becoming avenged on a man is told in "As Man Made Her," the newest World Picture Brady-Made which will be shown at the Empire tonight with Miss Gail Kane in the principal role. The picture has been lavishly staged and is a masterly production from start to finish.

TWO-HEADED CALF BORN.

Special to The Democrat-Forum.

Moberly, Mo., June 8.—Citizens of Huntsville were all excited for several days over the appearance of a two-headed calf. The little animal finding life with two heads a burden too great to bear, has died however J. G. Sandison, the owner is having the animal embalmed and will have it on exhibition a few days.

Cranking Car; Breaks Arm.

Mrs. Dale McGinness, living southwest of Maryville, broke her right arm yesterday when cranking her car. Mrs. McGinness had been to the Palestine church assisting the children with their Children's day program, which will be given Sunday, June 10, and was preparing to start for home. She drove home and was then brought to Maryville where she received medical attention.

Miss Melvin Here.

Miss Ruby Melvin, who has been teaching school in Long Beach, Calif., arrived in Maryville Wednesday evening to spend the summer with her parents, Mr. and Mrs. J. E. Melvin. Miss Melvin will return to Long Beach where she will teach the coming winter.

Here For Band Concert.

Miss Elma Rodman, Miss Carrie Torrey, Andrew Dodds, Jim Linville, Ed King and son, Jim and Myron Newton, Mr. and Mrs. L. W. Garnett, S. B. Garnett and Mr. and Mrs. Frank Albright of Skidmore drove to Maryville last night to attend the concert and the tent show.

To Play in Ladies' Band.

Miss Ora Quinn left last week for Ottawa, Ontario, where she has an engagement for the summer playing the clarinet in a ladies' orchestra. Miss Quinn played with a band in Norfolk, Va., all last summer and was successful in her work.

George Shoptaugh of Elmo and Howard Garrett of Clearmont were in Maryville yesterday.

IS HEAD OF MO-WESLEYAN

Dr. Cameron Harmon of East St. Louis Ill., Chosen to Succeed Dr. H. R. DeBra.

Dr. Cameron Harmon, pastor of the First Methodist church of East St. Louis, Ill., was chosen president of the Missouri Wesleyan College at Cameron at a meeting of the Board of Curators Tuesday. The Rev. W. F. Burris of Maryville, president of the board, returned from Cameron this morning.

Dr. Harmon has had charge of one of the most influential churches of Southern Ill., and is a man of splendid attainments and of great executive ability. He has an A. M. degree from McKendree College, Lebanon, Ill., and an honorary Ph. D.

Dr. H. R. DeBra, whose place will be taken by Doctor Harmon, will spend the summer resting and then will take charge of missionary work at Gary, Ind. He has been president of Missouri Wesleyan for the last eight years.

Lightning Sets Overalls on Fire.

Bill Foster, who is now working with a bridge gang in Taylor county, met up with a real thrilling experience during the big electrical storm last week. He was in the bunk house trying to take a nap when he was awakened by a shock. He was finally able to get up and by this time found one leg of the overalls he was wearing to be on fire, this being another freak of the lightning, setting clothing on fire but not injuring the wearer of same.—Hopkins Journal.

Fred Moore In Accident.

Fred Moore, a mail carrier out of Conception, came near being drowned Tuesday noon attempting to cross the Platte river while making his daily trip. The strong current of the stream swept the light cart in which he was riding against a tree. Mr. Moore then cut the harness in order to free the horse, but the current took the horse down the stream. Mr. Moore was in the water for about two hours and was finally rescued by some horse traders near by.

On Visit to Kansas City.

E. E. Williams left this afternoon for Kansas City to meet D. J. Howell of Cheyenne, Wyo. Mr. Howell will come to Maryville the latter part of the week for a visit. He is assistant District Attorney in Cheyenne.

PROUD OF REGISTRATION

Number of Men Responding to President's Call Exceeds Quota—Many States Below.

Jefferson City, Mo., June 8.—"Missouri may well be proud of her registration day showing," said Governor Gardner here.

The governor pointed to the fact that Missouri according to department of justice advices exceeded the state quota alloted it by Federal officials by thirty thousand. And this in spite of the fact many states fell below their quota.

Although complete returns will not be in for several days it is estimated the state's total will reach 340,000.

Due to heavy rains and wash-outs men in outlaying districts Tuesday were unable to get to polling places to register and the time has been set forward under Washington orders until those men can register.

The day went off without incident. There was little or no disturbance anywhere in the state.

"All this points to the wave of patriotism which sweeps this good old state of ours in times of national need," the governor said.

R. N. A. Meeting at Skidmore.

The fifth county school of instructions and class adoption of the Royal Neighbors of America will be held at Skidmore, June 13, under the direction of District Deputy, Maggie M. Thompson, Alfreda Tulloch of Maryville is on the program for a solo. The Maryville Royal Neighbors will give a suffragette play.

H. E. Ewing of Tarkio was in Maryville yesterday on business.

TO HAVE ATHLETICS

(Continued from page 1.)

this time. Missouri Wesleyan College and Cape Girardeau Normal were not heard from. William Jewell first declared for suspension during the war but later reversed herself and voted for continuance.

In accordance with the action of the association the schools will play out all existing schedules of athletic games and will continue to schedule games for next year just as in former years.

Another action of the association at the last meeting was the adoption of a motion instructing Secretary Hanson to "make formal protest to the President of Westminster College, Fulton, Mo., regarding the unsportsmanlike conduct of the Director of Athletics and players." The complaint against this school was quite general over the conference but there has been a shake-up in the athletic department of the school and conditions are much improved.

Fred Armstrong of Ravenwood is in Maryville today.

Visiting in St. Joseph.

Mrs. Adolph Lippman and her granddaughter, Emma Adolphine Brash, went to St. Joseph this morning and will spend several weeks visiting Mr. and Mrs. William Heller.

To Tell When War Will End.

An interesting little problem is going the rounds just now. You are asked the year of your birth, the year of your marriage, your age, and the number of years married. You add them together, divide by two, and you get the year in which the war will end! Here is an example:

Born	1850
Married	1872
Age	67
Years married	45
Added together, you get	3834
And divided by two, you get	1917

As the answer is always 1917, whoever tries the problem, you get a result which pleases everybody. There is just one snag about this problem. It only works if your birthday and marriage anniversary have already passed for this year. If they are still to come you must reckon your age at your next birthday and the number of years you have been married when the next anniversary arrives. Try problem on your married friends.—Hopkins Journal.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

Grows Tired of Canada.

Rev. H. M. Baker, a former pastor of the Christian church of Hopkins, and who married a Hopkins girl, Miss Bess Kime, has decided that he likes the United States better than he does Canada, resigning his pastorate of the First Christian church of Portage La Prairie and he and his wife are now in St. Louis.—Hopkins Journal.

Students at Home.

Miss Doris Clutter is home from Parkville and David Robb from the state university. Miss Crystal Wilson and Lois Sargent are expected home soon from Fulton and Jack Moorhead from Baker university at Baldwin, Kansas.—Hopkins Journal.

Miss Lena Gore of Atchison, Kan., is a guest at the home of Mr. and Mrs. P R. Moore.

EGOZELLE—Register No. 38361; sired by Egolyte, by Onward. 1st dam by Norval 117 in list; 2nd dam by Onward 200 in list; 3rd dam by Robert McGregory 111 in list; 4th dam by Almont, 40 in list; 5th dam by Alexander's Norman.

Will stand at my farm, 3 miles west of Maryville, Mo., at $15 to insure a colt.

J. L. SCOTT.

WOMEN OF MIDDLE AGE

Mrs. Quinn's Experience Ought to Help You Over the Critical Period.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—Mrs. MARGARET QUINN, Rear 25½ Worthen St., Lowell, Mass.

Other warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness.

If you need special advice, write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

COMMUNICATION

Mrs. Oran Thompson Writes.

Mrs. Oran Thompson, formerly of Maryville, sends the following letter from her new home at Dwyer, Wyo.:

"It is almost impossible for me to do without a Maryville paper and we think that the Democrat-Forum is the best. We are on a homestead, five miles from Dwyer. The spring crops that are up look fine but the corn and potatoes have not all been planted on account of the difficulty of getting into the fields.

Dwyer is going to have a big flag raising Sunday. They bought the material for the flag and the women made it. It will stand forty feet in the air. So you see, Dwyer is for the United States.

There are many from Missouri here. All of the land is taken up except a little rough land. A school section adjoining our farm sold for $18.50 an acre, so that makes us dry homesteaders feel fine.

The wild flowers are like wax flowers. The sweet Williams and violets are yellow instead of blue like they are in Missouri."

Pickering Circuit M. E. Church.

Next Sabbath at 10 a. m., the Annual Children's Day service will be given by the Junior department of the Sunday school. Everybody is cordially invited. Our average attendance for May was 188 and average collection $6.45. Very good, but we can beat it. We must reach an average of 200 during June. If everyone will boost a little it will be easy. Our third Quarterly meeting will be held at Mozingo church June 16 and 17. Quarterly conference Saturday, June 16 at 2:30 p. m. Dr. Burns will preach Saturday night and Sunday at 11 a. m. Ladies Aid meeting at the parsonage next Thursday. The pastor will preach at Myrtle Tree next Sunday at 11 p. m., and at Pickering at night. —C. S. Dayhoff, pastor.

PLANT NAVY BEANS

ONE OF THE EASIEST CROPS TO GROW IN MISSOURI.

THEY NEED AVERAGE CARE

In This State the Yield is From 10 to 25 Bushels With A Favorable Season.

Navy or field beans is one of the easiest crops to grow in Missouri and to the southward. Beans will make a good yield on poorer soil than almost any other farm crop: they may be planted then on soil which would not produce a good corn crop. Even on thin Missouri soils they would not require fertilizers. They can be planted late, after the spring rush of other crops is over. They will demand only one-third the cultivation required for corn. In Missouri a yield of from 10 to 25 bushels may be expected in a favorable season and with average care. These advantages together with their high food value and the ease with which they can be stored make navy beans an excellent war crop.

Field beans should be planted any time between June 15 and the second week in July in Missouri. This gives time for previous plowing the soil to turn under weeds, frequent discing or harrowing to kill sprouting weed seed and permits settling the soil and preparing a fine seed bed before the beans are planted. If the soil is handled in this manner, practically all the weeds can be killed and most of the cultivation completed before the beans are planted.

The beans should be planted, 20 pounds to the acre, 1 inch deep and about 3 inches apart in rows 20 to 36 inches apart to admit horse cultivation. If corn cultivators are to be used, it is best to make the bean rows the same distance apart as the corn to avoid changing the cultivators.

As soon as the beans are up, they should be thoroughly cultivated to break the crust. If the soil is fine, this may be done with a spike tooth harrow without killing the plants. Only one or two subsequent cultivatings will be needed unless the land is weedy.

Beans should be harvested when the seeds are fully ripe, in small areas the plants may be pulled by hand. As the stems get fully ripe, the roots rot sufficiently that the plants frequently may be gathered with a horse rake.

Small lots of beans may be threshed on a barn floor with a flail or stick. If grown on a large scale, special bean threshers are best: the ordinary wheat thresher is often used though it is likely to break some of the seed. Skillful threshing machine men often clamp a larger pulley on the cylinder to reduce the speed one-half, and remove one-half the teeth from the concave.

If beans are to be stored after threshing, weevil can be kept out during the entire winter by fumigating once with carbon bisulphide. If stored in large quantity, 1 pound of carbon bisulphide should be used for a space 10 feet wide, 10 feet long and 10 feet high. The bin must be tight to hold the fumes of the carbon bisulphide for 24 hours. Carbon bisulphide can be poured on the top of the beans. The fumes are inflammable, so the work should be done away from any fire.

LABOR NEEDED ON FARMS

Is A Limiting Factor in Crop Production This Year — Horses Are Relatively Plentiful.

Labor is the limiting factor in crop production this year. Horses are relatively plentiful in comparison. O. R. Johnson of the department of farm management of the Missouri College of Agriculture suggests that the farmers lay aside one-man and two-horse tools and use those that require more horses so that more work per man can be done. One man with three horses to a sixteen inch breaking plow will turn over three acres or less in one day. The same man with a gang plow consisting of two twelve inch bottoms will average 4¾ acres a day and will use one more horse. This means that by increasing the horse stock one-third, one man can increase his efficiency in breaking ground nearly 75 per cent.

Investigations have actually shown that a man on a riding implement will do more work in a day than the same man and the same team with implements that require him to walk. The use of bigger tools and thorough preparation of seedbeds will also cut down the time required for cultivation of the corn crop. Cultivation is the operation which limits the amount of corn one man can grow. If a good seedbed is prepared, some time can be saved in cultivating the crop, and consequently more acres can be grown.

ADVERTISED LETTERS.

Following is a list of the letters remaining unclaimed in the Maryville, Mo., postoffice for the week ending Wednesday, June 6, 1917.

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 8. MARYVILLE, MISSOURI, FRIDAY, JUNE 8, 1917. NO. 4.

JUDGE CONN DIES

HEAD OF PROBATE COURT SUCCUMBS TO HEART TROUBLE.

HE WAS 70 YEARS OLD

Funeral Will Be Held At 3 O'clock Sunday Afternoon at the Baptist Church.

Judge William H. Conn, 70 years old, died suddenly while at dinner at his home on East First street at 12 o'clock today. He had been feeling poorly for several weeks but had only remained away from his duties in the Probate court for a little more than a week. Heart trouble with other complications caused his death.

The funeral will be held at 3 o'clock Sunday afternoon at the First Baptist church, the Rev. T. H. Wiles officiating. Burial will be in Miriam cemetery.

Judge Conn is survived by two brothers, A. L. Conn and Spencer S. Conn, both of Grant City, and a sister, Mrs. J. L. Hunt of Maryville. Mrs. Hunt made her home with Judge Conn.

Judge Conn was born in Nauvoo, Hancock county, Illinois, on November 4, 1846. He was educated at Teachers' Institute and Classical Seminary, Paw-Paw Grove, Ill., where he made ar excellent record for scholarship, preparing himself for a teacher. In the spring of 1870 he came to Allendale, Worth county, Mo., where he taught school for two years. He was appointed and later elected superintendent of schools, serving four years, and later devoted his attention to school teaching.

In 1890 Mr. Conn moved to Ravenwood and engaged in the milling business for a period of four years. Then he again took up the real estate and insurance business, to which he added a loan department, remaining in the same until 1906, when he was elected probate judge of this county on the Republican ticket. He was re-elected in 1910 and also in 1914.

Judge Conn's present term would not have expired until January 1, 1919, and his successor will be appointed by Governor Gardner.

SHOW BIG FEATURE PLAY

Dubinsky Brothers Will Present "The Broken Rosary," Dealing with Marriage, Money and Baseball.

Dubinsky Brothers Stock Company will present their big feature play of the week tonight at their big waterproof tent. The play is termed a base ball comedy-drama dealing with marriage, money and baseball, and is entitled "The Broken Rosary."

This play was produced as a one-night stand in all of the larger cities of the country and has made a tremendous hit. A new line of vaudeville specialties will also been seen. A matinee will be given at 2:30 o'clock tomorrow afternoon. "The Calling of Dan Matthews," dramatized from Harold Bell Wright's famous book, will be the matinee offering.

THE HOPKINS CHAUTAUQUA

Committee Sets Dates of Popular Entertainment From August 15 to 19—Some of the Speakers.

Hopkins has arranged with the Vawter Chautauqua System to have a chautauqua August 15 to 19. Some strong speakers have been secured for the event, among them, Hon. Robert B. Glenn, former governor of North Carolina, Prof. Lew R. Sarett, head of the Public Speaking department of the University of Illinois and Dr. Mott R. Sawyers, one of the foremost preachers in Ohio.

Mrs. Hutton to Leave.

Mrs. Clyde Hutton and children, Billy and Jane, who have been visiting for the last five weeks with Mrs. Hutton's parents, Mr. and Mrs. John Z Curnutt, will leave tomorrow morning for their home in Kearney, Neb.

Mrs. Andy Cummins went to Parnell yesterday to visit a few days with relatives.

TO PUSH CHAUTAUQUA

Fred Robinson Chairman of Committee Chosen by Guarantors to Further the Plans.

The guarantors for the Maryville Chautauqua at their meeting last night elected an executive committee which will plan the ticket sale, the advertising campaign and other necessities in connection with the chautauqua which will be held the first week in August.

Fred Robinson was chosen chairman of the committee. The other members are: Fred Hull, J. H. Thorp, W. W. Jones, and E .M Claypool.

It was decided to get an early start in selling the tickets for the chautauqua. The persons who signed up for tickets last summer will have tickets delivered to them first and then others will be approached.

Another meeting will be held tomorrow to perfect the plans that will insure success for the chautauqua.

COMMENT ON PURCHASE

F. F. Brockway Written Up in Chicago's "Horse Review," of This Week.

"The Horse Review," published at Chicago has an article this week relative to the purchase of the famous horse Mobel by F. F. Brockway of this city. In regard to the sales made in the Chicago sale it says:

"Mobel 2:10¼. Moko's greatest speed siring son was sold to F. F. Brockway of Maryville, Mo. Mr. Brockway is one of the most prominent young horsemen in the West, and is to be congratulated upon his purchase of a sire of such demonstrated merit as Mobel, while the state of Missouri and the surrounding states should welcome his advent."

In the same article the information is given that T. Willard Ready, the wealthy Niles, Mich., fancier was the most extensive purchaser of the best horses. Mr. Ready has several horses here in charge of Mr. Brockway.

S. S. CONFERENCE TONIGHT

Nodaway County Teachers Will Meet to Discuss the Work of the Departments.

Delegates from each town in the county will attend the semi-annual conference of the Nodaway County Sunday schools which will be held at the First Baptist church this evening. At 6:30 o'clock dinner will be served by the Baptist women and at 7:30 o'clock the conferences of the various departments will begin.

There will be a county officers' conference under the direction of G. B. Roseberry, the president of the association, an elementary conference under the leadership of Mrs. R. M. Barry, a Teen Age conference under Miss Fannie Hope, and an Adult and Home department conference under the direction of E. M. Claypool.

At 8:30 o'clock the general conference of all of the departments will be in order, President G. B. Roseberry presiding. The five Protestant ministers will address the Sunday school body and will lead the discussions on the following subjects:

"The Pastor as Director of Religious Education," the Rev. Gilbert S. Cox.

"Special Days and Special Day Committees," the Rev. R. C. Holliday.

"How the Pastors of Nodaway County May Help the Nodaway County Sunday School Association Realize Its Goal," the Rev. S. A. Colle.

"What the Sunday School May Do to Help the Community," the Rev. T. H. Wiles.

"The New International Training Course," the Rev. C. Emerson Miller.

$180 For New Flag Pole.

More than $180 has already been subscribed for the new flag pole which will replace the one recently removed from the Court House yard. The petitions will be circulated today and the collections are expected to reach at least $200.

Mayor Robey is in favor of having the new pole located at the intersection of Third and Main or of Fourth and Main streets, but this will be decided later.

W. L. Moorhead, editor of the Hopkins Journal, spent today in Maryville.

HASTINGS' CAREER

DEAD MAN SAW SERVICE AS A GOVERNMENT SCOUT.

WAS AN OLD SOLDIER

Came to Maryville in 1869 and Entered the Jewelry and Stationery Business—Funeral Tomorrow.

The funeral of Fred Hastings, 80 years old, who died at his home at 3 o'clock yesterday afternoon after a long illness of a complication of diseases, will be held at 2:30 o'clock tomorrow afternoon at the family residence on East Fourteenth street. The services will be conducted by the Rev. T. H. Wiles, pastor of the First Baptist church. Burial will be in Oak Hill cemetery.

The members of the G. A. R., to which Mr. Hastings belonged, will attend the services in a body. The W. R C. is requested to meet at the home of Mrs. R. M. Black at Fourteenth and Dewey streets at 2:30 o'clock in order to attend the funeral.

The death of Mr. Hastings brings to an end the career of one of Nodaway county's interesting citizens His experiences, especially as a government scout during the Reconstruction period following the Civil War were exciting and unique.

His time was always at the service of his government in any position it might ask him to fill, especially the school board to which he gave years of his best thought and time.

He was very modest and unassuming and had a great dislike for show or shams. He held no ill will toward anyone whom he knew laid claim to gifts which they did not possess.

He was loyal in the extreme to friends and there have been many who would be glad to testify to his loyalty and generosity.

Mr. Hastings was an Englishman by birth, having been born in London, England, eighty years ago. When just a child he came to Brunswick, N J., where he grew to manhood. He lived for a short time in Chicago and then moved to Muscatine, Ia.

In 1861 he joined Company H, Eleventh Regiment, Iowa Volunteer Infantry, from Muscatine. He was in the great battle of Shiloh, serving for a time as telegraph operator which business he had learned at Muscatine. In 1864 he entered the service of the Third United States Artillery and was first lieutenant of Battery K In this office he served in the fight at Memphis, Tenn., his battery defending that city.

Lieutenant Hastings was for a time on detached service as staff officer at Memphis under General Kapner, remaining in that city until August 1866. He was in charge of the ordnance store, receiving and distributing ammunition, etc. He had charge of a large detail of men for this purpose, Memphis being the base of supplies for the Western army. He was discharged as first lieutenant.

The most interesting part of Mr. Hastings' career was during the reconstruction period, following the Civil war, when he was in the government scout service with headquarters in Memphis. His duties were largely to prevent smuggling, especially smuggling and selling whiskey, and he remained in that service for a period of three years.

Mr. Hastings' residence in Maryville dates from 1869. Soon after arriving in this city, he went into business with H. T. Crane, under the firm name of Crane & Hastings, and with a stock in trade of jewelry, books and stationery. The business was successfully carried on for over thirty years, and then Mr. Hastings retired from active business life.

In 1865 Mr. Hastings was married to Jane Bywater, at Memphis, Tenn. Mrs. Hastings and three children, Mrs. Gay Leeper, Maryville, Mrs. Fredda Brown of Kansas City, and Harry Hastings of St. Joseph, survive Mr. Hastings.

NEILSEN CONCERT TONIGHT.

Postponed Musicale to be Held at the First Methodist Church.

The concert, which was to have been given by Marcus Neilsen, baritone, last Tuesday evening, and which was postponed on account of the rain, will be given at the First Methodist church at 8 o'clock this evening. The same numbers will be given. Mr. Neilsen will be assisted by Fred Lewis Hakel, violinist.

FOR A BOND ISSUE

COUNTY WILL NEED ONE TO REPAIR DAMAGED BRIDGES.

LOSS NEARS $100,000

Bridge Fund Now Overdrawn $18,000 With No Money Available Until June 1.

The proposition of having a county bond issue to build bridges is being discussed considerably and is being well received. The members of the county court favor such a movement as there is no other way in which to build the necessary bridges.

The members of the court in discussing the proposition said that the recent high water has done $100,000 worth of damages to bridges. Two river bridges near Quitman over the Nodaway river were washed out and one of the bridges was found five miles south of Quitman. The Corken bridge near Burlington Junction will have to be repaired and the bridge over the drainage ditch near the city pumping station will have to be repaired.

A number of bridges on the Elkhorn, White Cloud and other rivers were washed out.

The county bridge fund is now $18,718.03 overdrawn and with a great amount of bridge work which will have to be done, caused by the recent high water, the county court faces a problem which can only be solved by having at least a $200,000 bond issue for bridges. No money from the bridge fund will be received until the taxes are collected in December. This amounts to about $40,000.

For a number of years past the county bridge fund has been insufficient to take care of the bridge needs of the county. With the recent damage, there seems to be only one way of solving the problem, and that is by having a bond issue and build good substantial concrete bridges that will be permanent. Such a bond issue should have been voted several years ago.

It would be necessary to secure a petition to call such a special election which should be held within the next few weeks. The county court would like to know what the people think of the proposition.

Nodaway county has been noted for a number of years for having the worst bridges of any county in Missouri.

The Democrat-Forum would welcome communications giving the opinions of Nodaway county citizens on the bond issue.

RIVERS AND TRAINS

FLOOD SITUATION ABOUT THE SAME AS YESTERDAY.

WATER HIGH AT PLACES

Burlington Junction and Quitman Report Rivers Rising—Railroads Resume Part of Service.

The river and train situations occasioned by the heavy rains of the first of the week, are just about the same as they were yesterday. In some places the rivers are falling and in other places they are rising. The Wabash and Burlington roads are both working hard to get their tracks in shape in order to supply a through train service, but the difficulties are many and the work at best is slow.

The Burlington with its regular mail service had a train from the north this morning here at 7:52 o'clock from Creston, Ia. One is expected at 4:48 o'clock this afternoon from Creston also. Neither of these trains goes south, and it will not be possible for the Burlington to give any service at all from the south before Monday morning.

On the Creston train this morning a number of officials traveled to Maryville to inspect the tracks. They went one mile south of Arkoe and were forced to stop, the water being from three to five feet deep over the tracks. The trains from St. Joseph can get as far as Rosendale.

The Wabash trains are all running with the exception of No. 11 and No. 14, the through trains to and from St. Louis. The other trains are running east as far as Pattonsburg. It is expected that trains will be running to St. Louis by Sunday.

The Rock Island which has been tied up at Gallatin expects to have a train through this evening.

The mail service which has been irregular will be adjusted in a few days. The mail is coming from the west on all the trains today and an effort will be made to get some through from the east as soon as possible.

The 102 river at Arkoe is rising say the reports but the bridges in the vicinity are still holding their own. A local train from Maryville went to Arkoe and returned this morning.

At Quitman and Burlington Junction the rivers are rising. At Quitman the rise was two feet.

At the pumping station the river is falling fast. The bridge near the pumping station is impassable and it will not be fit to use until repaired.

To P. E. O. Meeting.

Mrs. Charles Wadley and Miss Fannie Hope will leave the first of next week for Columbia, Mo., where they will attend the state convention of the P. E. O. Sisterhood at Christian College.

TO HAVE ATHLETICS

MISSOURI ASSOCIATION DECIDES TO CONTINUE SPORTS.

VOTE OF SCHOOLS 7-1

War Will Not Defer the Boys From Scheduling Inter-Collegiate Games For Next Year.

That athletics should not be discontinued because of the war is the verdict of the Missouri Inter-Collegiate association on the question which schools all over the country have been debating.

The matter was formerly brought before the association at the meeting last month at Liberty, and Director of Athletics Walter Hanson, who is secretary of the association, was instructed to ask all the colleges and state normal schools in the conference for their decision on the question, which was stated as follows: "Shall inter-collegiate athletics be retained in your institution during the war?"

The answers were slow coming in and it was not until today that Mr. Hanson announced the decision and he has written to all athletic directors and presidents. The text of the letter is as follows:

"The presidents of the colleges and state normal schools of the Missouri Inter-collegiate Athletic association are in favor of the continuance of inter-collegiate athletics during the war providing a sufficient number of men are in school next fall to justify it.

"The majority indicated that the Missouri Inter-collegiate Athletic association had better postpone a final decision as to what should be done until we get farther along and can see our way clear."

The vote of the schools was seven to one with two schools not voting and two not heard from. Those in favor the continuance of athletics were: Maryville Normal, Central Wesleyan College, William Jewell College, Westminster College, Drury College, Tarkio College, and Kirksville Normal. The negative vote was from Central College which declared in favor of reasonable limitation. Missouri Valley College and Springfield Normal expressed themselves as unwilling to give a final decision at

PERSHING ARRIVES

MAJOR-GENERAL SAFE IN ENGLAND SAY CABLE ADVICES.

AMERICAN SHIP IS SUNK

Downed by German Submarine in the English Channel—Survivors Boats Shelled.

Special to The Democrat-Forum.

Washington, June 8.—"Black Jack" Pershing, a soldier par excellence and major general of the United States regular army, is in England. Cable advices announcing his arrival at a British port reached here today. A sense of gratification was expressed by officials generally over the safe arrival and they came to a realization that at last the entire United States service is in the war. From now on units of every branch of the service will proceed to France by selected routes.

Unknown American Ship Sunk.

Paris, June 8.—An unknown American ship has been sunk by a German submarine in the English channel. The boats containing the survivors were shelled and sunk.

News of the destruction of the ship and subsequent attack upon the survivors was received at a French port today from survivors of a French sailing ship. Both ships were sunk May 31. The French sailors suffered greatly and finally managed to reach Havre. Their ship was torpedoed first and they witnessed the sinking of the Americans.

SECOND DAY OF BATTLE

British Drive Continued With Unabated Violence in Belgium, South of Ypres.

Special to The Democrat-Forum.

London, June 8.—The gigantic battle which began in Belgium yesterday with the opening of the great drive continued today with unabated violence around the crater of what once was Wyacheate ridge, south of Ypres. The British and German soldiers are fighting with demon-like fury.

All England is ringing with praise of Haig's army and thrills with pride over the news that the British are still pressing forward.

KERENSKY'S POWER GROWS

Signs for the Continuance of Russia in the War Are Now Growing Says Dispatch.

Special to The Democrat-Forum.

Copenhagen, June 8.—War Minister Kerensky's strength is growing in Russia and signs for the continuance of the Russians in war are brighter, said a Petrograd dispatch today from well-defined reports. It is current in Petrograd that Hindenburg had sent a wireless message to the council of workmen and soldier delegates saying that Germany was in sympathy with the dictum "peace without annexation and indemnity," and ready to enter peace negotiations.

Records Severe Earthquake.

MEMBER MISSOURI PRESS ASSOCIATION

"We have got to absorb into our business and social life this shock of going to war. When it is absorbed things will begin to mend. And if the war goes on for two or three years, as it may, then we shall see a period of prosperity, probably a period of inflation, that will eclipse any former showing. It is inevitable and part of the irresistible law of economics. In a few months there will be millions who will be seeing it in just this same way."—Exchange.

BUSINESS AS USUAL.

"War is bad business, but don't you ever make the mistake of thinking that war means bad business.

"It takes a dozen farmers, mechanics, trainmen, butchers, bakers, tailors, and shoemakers to maintain a soldier.

"We can't put a million men under arms without putting at least twelve million other men under the eight-hour clock.

"Factories must work day and night shifts, railroads will operate extra trains, produce will ride to port from every arable acre on the continent.

"Get busy and keep busy. Hire new help, enlarge your plant, order machinery at once.

"Consumption will not diminish. Uncle Sam is in the market for more goods than the members of the new army and navy individually purchased, and their sons and daughters and wives will soon be holding down their old jobs and collecting their men's wages, which will in turn be spent at the grocer's the department store and the druggist's.

"Patriotism is flooding Washington with ready cash and Washington is shipping it in carload lots to the manufacturers and retailer. There are no bread-lines ahead. An unprecedented era of prosperity is around the bend.

"However, sad the price, the business outlook was never better."—Exchange.

PICKERING CHILDREN'S DAY

MANY LIKE THIS IN MARYVILLE.

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Maryville. It is an easy matter to verify it. You cannot ask for better proof.

James C. Lornson, retired farmer, 1023 N. Mulberry street., Maryville says: "Whenever I have a little stiffness in my back or pain across my hips, I use Doan's Kidney Pills. At one time, when my kidneys were badly congested and my back was all crippled up, Doan's Kidney Pills removed all the pain and misery and fixed me right up. This medicine also removed the dizziness in my head and generaly improved my health. I never fail to praise Doan's Kidney Pills when I have a chance."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lornson had. Foster-Milburn Co., Props., Buffalo, N. Y.

Rev. Dayhoff in Maryville.

The Rev. C. S. Dayhoff, pastor of the Methodist church at Pickering was a visitor in Maryville today. He had his two daughters, Lois and Ruth Lee, with him. Lois is taking music lessons at the Conservatory.

IT COSTS MONEY NOW TO TALK TO DOCTORS

New York.—A new schedule of physicians' fees showing consistent advances is recommended by the Bronx County Medical society. Hereafter no free medical advice will be given over the telephone. Conversation with a physician over the wire on non-medical topics is permitted, but if the question, for instance, of the baby's latest ailment is injected a bill for $1 will be forthcoming. If the physician is called to attend one member of a family and some one casually inquires about the symptoms of another member an extra charge will be made.

Bible Saves Man's Life.

Philadelphia.—An old Bible tucked in his vest pocket saved the life of George Tustin, forty-four, when, according to the police, his companion and roommate, Frank Hatfield, stabbed him just below the heart. The knife penetrated his breast after passing through the Bible, inflicting a serious wound. Hatfield has been arrested.

THIS MAN LEARNS TO READ WITH TONGUE

Chicago.—The loss of his sight and both arms in a mine explosion in 1906 failed to cause despair to William McPherson of Highland Park, Ill. He has since learned to read with his tongue by means of raised letters on porcelain slabs. Now he has been fitted with artificial arms and can feed himself, for the first time in eleven years.

COMING BACK

FOR ONE DAY ONLY
United Doctors Specialist
Will Again be at
MARYVILLE, MISSOURI
Thursday, June 14th, 1917.
Hotel Linville Parlor
Hours 9 a. m. to 8 p. m.
Avail Yourself of Free Services!

STAY YOUNG LIVE LONG
with Rosy Cheeks and Sparkling Eyes

The United Doctors Specialist, licensed by the State of Missouri for the treatment of all diseases including deformities, nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of the remedies supplied.

Enjoy Robust Health. Those afflicted with long-standing, deep seated, chronic diseases, of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, rheumatism, sciatica, tapeworm, leg ulcer, weak lungs and other ailments that have baffled the skill of the family physicians, should not fail to call. Deafness often has been cured in sixty days. The United Doctors are experts in the treatment of chronic diseases and so great and wonderful have been their result that in many cases it is hard to find the dividing line between skill and miracle.

Bloodless Surgery. According to their system there is no more need for operations of appendicitis, gall stones, tumors, goiter, piles, etc., as all cases accepted will be treated without operation or hypodermic injection, as they were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife, with blood and with all pain in the successful treatment of these dangerous diseases.

Sleep Soundly. No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable, they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Eat Heartily. Worn out and run down men or women, no matter what your ailment may be, call, it costs you nothing. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last remedies have been discovered that are reasonably sure and certain in their effect.

Free Offer. Remember this free offer is for this visit only.

Married ladies come with their husbands and minors with their parents.

Laboratories, Cleveland, Ohio.

NORMAL NOTES

William Van Cleve.

Maryville Normal, out of her small number of boys, has contributed seven to the defense of the country. The seven who have enlisted voluntarily in the various branches of the service are: N. C. Wagers, Charles Wallace, Glenn Corum, William Todd, Sam Chambers, Chauncey Saville and Lewis Hunt.

Hunt enlisted in the medical corps and Todd in the infantry of the regular army. Chambers and Saville joined the navy, and Wagers, Wallace, and Corum have enlisted in the Maryville Fourth Regiment Band. Wade Henderson also enlisted in the regular army but was rejected at Jefferson Barracks, St. Louis, because of physical disability.

* * *

Lee (Dad) Scarlett was notified yesterday that he had been elected Manual training instructor and coach at Bethany High school. Bethany has plenty of material and we will expect "Dad" to turn out some championship teams.

W. H. Burriss, superintendent of the Bethany schools is an instructor at the Normal during the summer session, and he is "looking over" several other candidates for places in the Bethany schools.

* * *

Harold Staples is another product of the manual training department of the Normal who has been elected to a good position for next year. He has been chosen instructor of manual training in the seventh and eighth grades of the schools of Klamath Falls, Oregon, at a salary of $100 per month.

Joe Lukens, also one of this year's graduates and president of his class, has accepted a place as manual training instructor in the schools of Liberty, Mo.

Fred Vandersloot and Fred Lewis, both of whom will receive their degrees this summer, have been re-elected to the positions they held last year, at St. Joseph Benton and Chillicothe High schools respectively. Vandersloot will have full charge of athletics at Benton next year.

Word has also been received that Howard (Hickory) Leech, '16, has been advanced from manual training instructor and coach at Waukon, Ia., to the same kind of position in Shenandoah High school. The promotion carries with it a substantial increase in salary.

Warren H. Breit of this year's graduating class has been elected principal of the commercial department of Maysville High school for the coming year.

* * *

Tennis will be the only branch of athletics to be engaged in by Normal students this summer and it will not take the form of an inter-collegiate sport. Later on, however, volley ball teams may be formed and other minor sports begun.

Quite an interest in tennis is being taken by the students. Already more than forty have signed up and many more are expected to take advantage of the Normal courts. Those who have already enrolled have been assigned periods in which they may occupy the courts so that all may have a chance to play. There are four courts with a total capacity of sixteen players at one time.

* * *

It is unlikely that a drill squad will be formed this semester as only a few boys have evinced any interest in the proposition. The girls however, will continue with their work in preparing surgical dressings.

* * *

The enrollment for the summer session has now reached the figure of 579. This is not so large as last year when there were 703 enrolled but it is excellent considering the unsettled condition of the country at this time.

Card of Thanks.

We desire to extend our heartfelt thanks to our friends and neighbors for the kindness and sympathy shown us during the illness and death of our beloved son, and for the many beautiful floral offerings.—Prof. and Mrs. S. E. Davis.

ASTOUNDING REPORT FOR MARYVILLE.

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka benefited her INSTANTLY. Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. The Koch Pharmacy.

Mrs. Curnutt Back.

Mrs. Marvin Curnutt, who has been visiting her parents, Mr. and Mrs. Curtis Wray of Chicago, arrived home this morning.

IN SELECTING FOODS

PROBLEM NOW IS HOW TO SPEND ONE'S MONEY WELL.

PLAN MOST CAREFULLY

Good Food Habits Are An Important Part of Personal Hygiene and Thrift.

Washington, D. C., June 8. — The following suggestions on getting the most food for one's money are from U. S. Department of Agriculture Farmers' Bulletin 808, "How to Select Foods."

Use cereals (flour, meal, cereal breakfast foods, etc.) freely, taking pains to prepare them with great care and to vary the kind used from day to day if necessary to keep people from tiring of them.

Remember that a quart of whole milk a day for each child, to be used as a beverage and in cookery, is not too much.

Plan carefully both in buying and in serving.

Do not be ashamed to plan closely. Thrift in food means providing enough food, neither too little nor too much.

Notice carefully how much of such staples as flour, sugar, milk, cooking fat, etc., is used each week for a month, and see if there are any ways of cutting down the quantity needed.

Buy non-perishable materials in quantities if better prices can be secured and there is a good storage place in the home. Neighbors can sometimes club together to get lower rates.

Estimate carefully how much of any material will be needed before laying in a supply, then see that none is wasted by careless handling.

Try to make the dishes served of such size that there will be enough to satisfy the appetite of the family and no unnecessary table and plate waste.

Do not be above noticing whether anything usable is thrown away with the garbage, which always shows how thriftily food is used in a household.

Many inexpensive materials can be made attractive and the diet can be pleasantly varied by a wise use of different flavorings.

"Finicky" tastes in food often prevent the use of many valuable materials which might be the means of saving money.

Good food habits are an important part of personal hygiene and thrift. Children get such habits by having suitable amounts of suitable foods served to them and then being expected to eat what is set before them.

True economy lies not only in buying wisely but also in making the fullest possible use of what is bought.

Henry Anderson Breaks Arm.

Henry Anderson, who lives ten miles southwest of Maryville suffered a broken arm yesterday when trying to crank his car. Mr. Anderson was in Maryville and was just starting for his home when the accident occurred. Medical aid was immediately procured. Mr Anderson remained in Maryville at the home of his brother, A. J. Anderson on Grand avenue. He is reported improved today.

Harry Fisher and Vern Manley, who have been spending several months in Canada, have returned to their homes in Maryville.

A Match With Each Cigar.

From The Scientific American.

No longer will it be necessary for the cigar smoker to fumble about his pockets for a match or to ask his neighbor for a match, for Harry R. Van Deventer of Sumter, S. C., has secured a patent on a method of packing a match with each cigar. Mr. Van Deventer proposes to have each cigar come with a match embedded in the butt end, the match being provided with a waterproof covering, which, at one end is twisted into a tail that extends through the butt end so as to be readily pulled out. The idea, although simple, appears to be an excellent one and its application to the manufacture of cigars would not be costly since most of the work might be done by machinery.

When He Volunteers.

James Gabelle in Life.

The Minister—Trust in God and make your powder fly.

His Doting Mother—I wonder how long before he'll be a general?

His Militant Father—Bully for him.

His Pacifist Uncle—Dear me! Dear, dear me!

His Proud Aunt—He gets his brave spirit from our side of the family.

His Little Brother—Gee! I wish I could go.

His Little Sister—I wish I had a dress like that uniform.

His Chum—I hope he pays me that five bucks before he goes.

His Best Girl—Isn't he grand!

His Girl's Chum—Oh, you must give me a military button for my collection.

Their Next Door Neighbor—I suppose they'll be more stuck up than ever now.

Drill Sergeant—Oh, Gawd!

Visiting Parents.

Mrs. E. F. Schilder and little daughter, Dorothy, of New Orleans arrived in Maryville last night for a several weeks' visit with her parents, Mr. and Mrs. Frank Barmann.

GIVE PATRIOTIC PROGRAM

Parnell Young Men's Debating Society Give Discussion of Roosevelt Army to France.

The Parnell Young Men's Debating society gave a program last Saturday night at the M. P. church. Although the audience was not large, very close attention was maintained all through the program. Ernest Sherlock gave a violin solo and Miss Gertrude Spire accompanied him on the piano. Fred Messbargar, president of the society, delivered a very thrilling address on "Patriotism." The last number which was the feature of the evening, was the debate: "Resolved, That Roosevelt Should Not Be Allowed to Lead An American Army to France." The affirmative side was represented by Chester Winemiller and Guy Curry, while the negative was represented by Troy Bloomfield and Prof. W. A. Powers. The debate was well contested on both sides. Dr. E. L. Crowson, Mr. Brashear and Mr. Spoonemore were the judges and decided in favor of the negative side. Noble Klaas occupied the president's chair during the program.

Jim Pistole of Hopkins, Mr. and Mrs. Walter Johnson of Pickering, Ray Stewart of Bedison, are among the out-of-town people in Maryville today.

Fred Fox and son, Everett, of the Palestine neighborhood were in Maryville on business today.

Miss Besse Graham of Clyde was shopping in Maryville yesterday.

Woodmen Circle to Meet.

The Woodmen Circle will meet at 7:30 o'clock Friday night at the W. O. W. hall. All members are requested to be present.

Osburns to Entertain.

Mr. and Mrs. W. J. Osburn will entertain tonight at their home on West First street. Their guests will include their friends of the 500 block on West First street.

Social at St. Mary's.

The women of the St. Mary's Catholic church will hold a social Monday night in the parish hall. Refreshments will be served. Every one is cordially invited to attend.

Yehle Boys Entertain.

Eugene and Ralph Yehle entertained a number of their friends last night at their home on East Sixth street. A 6 o'clock breakfast was served this morning. The guests included: Howard Martin, Claude Glass, Kenneth Van Cleve, Merle Selecman, Martin Lewis, Chester Lyle, Harry Holmes and John Worwag.

Missionary Meeting.

About thirty members attended the meeting of the Woman's Missionary society of the First Methodist church which met yesterday afternoon at the home of Mrs. A. C. Nicholas. A very interesting program was given. Mrs. W. T. Ramsey was the leader for the afternoon. After the business session a social hour was held and light refreshments were served by the hostess.

Miss Eliza Munn Weds.

Announcements have been received by friends of the Munn family in this city of the marriage on May 24, at Washington, D. C., of Miss Eliza Munn of Bay Minette, Ila., to Mr. Robert E. Lee Patterson of Ganister, Pa. The bridegroom and his father are the owners of an immense stone quarry near Ganister where the newlyweds will be at home in future. The Munn family resided in Maryville until a few years ago, when they moved to Alabama. For the past two years, Mr. Patterson has been principal of the schools at Loxley, Ala.

Mrs. Farmer, Hostess.

The Woman's Missionary society of the Presbyterian church met at 2:30 o'clock yesterday afternoon at the home of Mrs. S. E. Farmer. About thirty members were present. Devotionals were led by Mrs. C. Edwin Wells and Mrs. Albert Watson read a paper on "A Visit to the Sheldon Jackson School." The president of the society gave a talk on the "Haines Hospital," in Alaska. Mrs. John Gray read a paper on "North and Western India Missions." Sentence prayers were given for the Mission workers. Following the program, refreshments were served by Mrs. Gallatin Craig and Mrs. A. J. Wells, assisted by Misses Faye and Lois Farmer and Miss Laura Craig.

Shower for Miss Thomas.

Miss Jeanette Mutz and Mrs. Floyd Ambrose, assisted by their sister, Miss Lou Mutz, entertained this afternoon with a miscellaneous shower and domino party in honor of Miss Verna Thomas, who is to become a June bride. The parlors were prettily decorated with white and green while in the dining room pink clovers and pink sweet peas were used to beautify the room. Pink and white refreshments were served. The guests included: Miss Verna Thomas, Mrs. Robert Wells, Mrs. Charley Gallagher, Miss Alma Lucas, Miss Ilene Kemp, Miss Hilda Lahr, Miss Ora Barmann, Mrs. Clyde Hutton, Miss Lola Wright, Miss Grace Langan and Miss Lyda Ambrose.

A Patriotic Party.

On Thursday evening, May 31, the E. L. E. club of Bedison was entertained by Hugh Keenan and Chess Curtin with a patriotic and memorial party. The home was beautifully decorated with patriotic colors mingled with a variety of cut flowers which made it very attractive and ideal for a memorial party. Patriotic songs were sung under the leadership of Glen Swinford. Parlor games, guessing contests and floor games were the amusements for the evening. Refreshments were served by the hosts, assisted by Mr. and Mrs. Glen Swinford. Those present were: Misses Jennie Mae Dobbins, Mary Coulter, Edith Voelker, Mamie Thompson, Nellie Thompson, Corda Smith, Cecil Lewis, Mary Lieby, Chloe Davis, Ferol and Ed Thompson, Maurice Egan, Ray Thompson, Roy Davis, Karl and Lester Swearingen, Fred Barseball, Hugh Keenan, Chess Curtin, Kent Coulter, Ralph Alloway. The next meeting will be held at the home of Maurice Egan.

Mrs. Fronk Honored.

The members of the Parnell Rebekah Lodge gave a miscellaneous shower last night at the Parnell hall as a farewell courtesy to Mrs. Byrd Fronk, who leaves soon for her new home near Sheridan. Upon the arrival of all the guests, the gifts were showered upon Mrs. Fronk from a large umbrella suspended from the ceiling. The remainder of the evening was spent with games and music. Refreshments were served. Mrs. Fronk, who has been in charge of the Parnell telephone office for the past seven years, has resigned that position and expects to move soon to her farm near Sheridan. During her residence in Parnell she has made many new friends whose best wishes go with her to her new home.

I. I. Club Meets.

The I. I. Club met with Mrs. M. D. Brenan, June 6. After the business meeting, recipes for canning were discussed by the members. Refreshments were served by the hostess. The members present were: Mrs. Clarence Duncan, Mrs. A. L. Taylor, Mrs. Andrew Fink, Mrs. B. C. Hall, Mrs. W. R. Logan, Mrs. Byron Kinsley, Mrs. Ed Seipel, Mrs. Allen Haller, Mrs. Claud Shell, Mrs. A. H. Hughes, Mrs. Ed Babb, Misses Jennie Duncan, Lydia Onstot, Irene Babb, and Mrs. Brenan. Visitors present were: Nellie, Crystal and Pauline Hall, Frances Kinsley, Lester Hall and Robert Seipel. The next meeting will be with Mrs. Joseph Cockayne, June 20.

Frank Hinton of Pickering, Mr. and Mrs. J. E. Hornbuckle of Clearmont, A. M. Burke and Rev. and Mrs. E. H. Hutcheson of Pickering were in Maryville yesterday.

PLANS VAST FLEET

Story of How Wooden Craft Building Plan Grew.

TRIBUTE TO YANKEE GENIUS.

General Goethals, Chosen to Head Work, Has Never Been Forgiven by Germany For Constructing Panama Canal When German Experts Said It Could Not Be Accomplished.

Washington.—The administration's program for building a vast fleet of wooden cargo ships to transport supplies to the allies and thus defeat the German submarine campaign was put under way when the shipping board formed a corporation to build and operate the vessels.

Major General Goethals, who at the direction of President Wilson has agreed to supervise building of the ships, will come to Washington to take charge of the work as soon as he can arrange to leave his task of building New Jersey highways. F. A. Eustace, a Boston mining engineer, who, with

Photo by American Press Association.
WILLIAM DENMAN, CHAIRMAN OF SHIPPING BOARD.

F. Huntington Clark, a New York engineer, conceived the idea of a wooden ship fleet, probably will be associated with him.

The story of how the wooden shipbuilding plan grew from an idea conceived simultaneously by two mining engineers until it has taken a place in the forefront of America's war policy reveals that Yankee inventive genius and ingenuity were as ready to meet the present emergency as at any time of national stress in the past.

After Mr. Eustace and Mr. Clark had been called to Washington by Chairman Denman of the shipping board, and the board decided to take up the plan, Mr. Eustace decided to interest General Goethals and went to place the situation before him. The canal builder immediately seized on the plan as the one way by which the United States could do most to aid the allies in defeating Germany. Then General Goethals was told the board wished him to take charge of the work. Reluctant at first to leave his post in New Jersey, the general finally was convinced the nation needed him.

General Goethals was chosen to head the work, it was explained, for three reasons—his capacity, his German descent and as a testimonial to the loyalty of American citizens of Teutonic extraction and because he is considered the one man in the United States most offensive to Germany. Germany, it has been said, has never forgiven the man who constructed the canal when German experts said it could not be accomplished.

In their efforts to persuade General Goethals to take charge of building the ships it was pointed out that he probably would spend before the war was over as much or more than was expended in building the canal.

MUST NOT ABUSE FLAG.

Desecrators Will Be Arrested, Says Justice Department.

Washington.—Warning against desecration of the American flag by aliens was issued by the department of justice. The following notice was sent to federal attorneys and marshals:

"Any alien enemy tearing down, mutilating, abusing or desecrating the United States flag in any way will be regarded as a danger to the public peace or safety within the meaning of regulation 12 of the proclamation of the president, issued April 6, 1917, and will be subject to summary arrest and confinement."

Love Sick Swain, Hero in Comedy at Burlington Depot

As its name implies, the purpose of a newspaper is to furnish news to the community, and nothing but the bare, unembellished facts may be chronicled. However, there are times when the reporter, in his industrious scratching news on a "dull" day, unearths incidents which might well take a prominent place in one of Irvin Cobb's best stories.

One of these incidents took place only recently and, in spite of threats of death and bloody murder with all the torments of a thousand infernos, we can not refrain from telling it to our readers. Here it is:

Last Sunday evening a certain Maryville young man, feeling the effects of a delayed spring, a perfect moonlight night, and certain irresistible yearnings in his own being, strode forth looking for more of the fair sex to conquer with his winning smiles.

As it was the time of year when Normal school girls, famous for their beauty and vivacity, were arriving in our city, he turned his steps toward the Burlington depot, where, together with numerous other love-sick and would-be-love-sick swains, he awaited the incoming train.

He had not long to wait. The train thundered in and when it had discharged its precious cargo, our hero picked out, as he expressed it, "the swellest girl in sight." Approaching with amiable mein, and bestowing upon his choice what could not have failed to be a winning smile, he asked in the most approved manner after the young lady's health, and also as to her ultimate destination.

As it happened, the Dubinsky Bros. company of actors and also actresses had also picked upon this particular Sunday evening to arrive in our city. Of course, they had a perfect right to do it, but they should have thought. But to get back to our hero and heroine.

Being encouraged by our heroine's willing answer that she was bound for the Bainum hotel, he suggested that because of well known dangers of the city she should accept an escort and indicated his willingness to perform that service out of the goodness of his heart.

The expectant and hopeful look upon his face was beautiful to behold. Then came the thunderbolt in the shape of our heroine's answer, when she returned, Oh, so sweetly, "Ah-h, thank you, but ah-h (notice the delicately southern drawl) I am one of the Dubinsky Brother's actresses. This, ah-h (there it is again) is my husband over here."

HONEY VS. SUGAR

LET BEES RELIEVE THE HIGH PRICE OF SUGAR.

YIELD EASILY INCREASED

A Few Good Bee Stands on Every Farm Will Make More Fruit and Other Crops.

Honey is better than sugar. Is is more easily digested. It can be used in place of sugar or syrup. Enough honey goes to waste each season on every farm to relieve the high price of sugar in the home. Let the bees save this waste. In most recipes, honey can be substituted for sugar with an improvement of the finished product. Conditions incident to the war point to a sugar shortage so it is important that beekeepers increase the yield of honey. This can be accomplished by enabling the bees to more thoroughly pasture every acre of cultivated or waste land, according to Leonard Haseman of the Missouri College of Agriculture and E. E. Tyler, bookkeeper.

A few good stands of bees on every farm will help increase the yield of fruits and other crops by the distribution of pollen from blossom to blossom besides storing surplus honey. Where there is a continuous supply of honey producing plants, such as fruit, berries, linden, white and sweet clovers with the numerous wild flowers throughout the season, above fifty pounds or more of surplus honey can be secured per colony. An apiary of a dozen colonies in standard ten frame hives with proper care will average fifty gallons of honey a year with some increase of colonies.

A start in bees may be had by transferring them from bee trees, catching runaway swarms, or buying a few swarms from a neighbor. Bees are less trouble than anything else on the farm for the profit secured, but they cannot be neglected. They respond to proper care and will give a good return for the time devoted to them. Form a local bee club of live workers and get in touch with the College of Agriculture and State Apicultural Society. Send for their reports on Farm Beekeeping, Seasonable Hints, and other helpful information on the care of bees. By forming canning clubs, pig clubs, calf clubs, poultry clubs, corn clubs, and bee clubs, much can be done in an educational way and at the same time the scarcity of food which is serious at this time can be relieved.

Gail Kane, Star Tonight.

The strange and remarkable story of Claire Wilson and the way that she won the happiness through becoming avenged on a man is told in "As Man Made Her," the newest World Picture Brady-Made which will be shown at the Empire tonight with Miss Gail Kane in the principal role. The picture has been lavishly staged and is a masterly production from start to finish.

TWO-HEADED CALF BORN.

Special to The Democrat-Forum.

Moberly, Mo., June 8.—Citizens of Huntsville were all excited for several days over the appearance of a two-headed calf. The little animal finding life with two heads a burden too great to bear, has died however J. G. Sandisen, the owner is having the animal embalmed and will have it on exhibition a few days.

Cranking Car; Breaks Arm.

Mrs. Dale McGinness, living southwest of Maryville, broke her right arm yesterday when cranking her car. Mrs. McGinness had been to the Palestine church assisting the children with their Children's day program, which will be given Sunday, June 10, and was preparing to start for home. She drove home and was then brought to Maryville where she received medical attention.

Miss Melvin Here.

Miss Ruby Melvin, who has been teaching school in Long Beach, Calif., arrived in Maryville Wednesday evening to spend the summer with her parents, Mr. and Mrs. J. E. Melvin. Miss Melvin will return to Long Beach where she will teach the coming winter.

Here For Band Concert.

Miss Elma Rodman, Miss Carrie Torrey, Andrew Dodds, Jim Linville, Ed King and son, Jim and Myron Newton, Mr. and Mrs. L. W. Garnett, S. B. Garnett and Mr. and Mrs. Frank Albright of Skidmore drove to Maryville last night to attend the concert and the tent show.

To Play in Ladies' Band.

Miss Ora Quinn left last week for Ottawa, Ontario, where she has an engagement for the summer playing the clarinet in a ladies' orchestra. Miss Quinn played with a band in Norfolk, Va., all last summer and was successful in her work.

George Shoptaugh of Elmo and Howard Garrett of Clearmont were in Maryville yesterday.

IS HEAD OF MO-WESLEYAN

Dr. Cameron Harmon of East St. Louis Ill., Chosen to Succeed Dr. H. R. DeBra.

Dr. Cameron Harmon, pastor of the First Methodist church of East St. Louis, Ill., was chosen president of the Missouri Wesleyan College at Cameron at a meeting of the Board of Curators Tuesday. The Rev. W. F. Burris of Maryville, president of the board, returned from Cameron this morning.

Dr. Harmon has had charge of one of the most influential churches of Southern Ill., and is a man of splendid attainments and of great executive ability. He has an A. M. degree from McKendree College, Lebanon, Ill., and an honorary Ph. D.

Dr. H. R. DeBra, whose place will be taken by Doctor Harmon, will spend the summer resting and then will take charge of missionary work at Gary, Ind. He has been president of Missouri Wesleyan for the last eight years.

Lightning Sets Overalls on Fire.

Bill Foster, who is now working with a bridge gang in Taylor county, met up with a real thrilling experience during the big electrical storm last week. He was in the bunk house trying to take a nap when he was awakened by a shock. He was finally able to get up and by this time found one leg of the overalls he was wearing to be on fire, this being another freak of the lightning, setting clothing on fire but not injuring the wearer of same.—Hopkins Journal.

Fred Moore In Accident.

Fred Moore, a mail carrier out of Conception, came near being drowned Tuesday noon attempting to cross the Platte river while making his daily trip. The strong current of the stream swept the light cart in which he was riding against a tree. Mr. Moore then cut the harness in order to free the horse, but the current took the horse down the stream. Mr. Moore was in the water for about two hours and was finally rescued by some horse traders near by.

On Visit to Kansas City.

E. E. Williams left this afternoon for Kansas City to meet D. J. Howell of Cheyenne, Wyo. Mr. Howell will come to Maryville the latter part of the week for a visit. He is assistant District Attorney in Cheyenne.

PROUD OF REGISTRATION

Number of Men Responding to President's Call Exceeds Quota—Many States Below.

Jefferson City, Mo., June 8.—"Missouri may well be proud of her registration day showing," said Governor Gardner here.

The governor pointed to the fact that Missouri according to department of justice advices exceeded the state quota alloted it by Federal officials by thirty thousand. And this in spite of the fact many states fell below their quota.

Although complete returns will not be in for several days it is estimated the state's total will reach 340,000.

Due to heavy rains and wash-outs men in outlaying districts Tuesday were unable to get to polling places to register and the time has been set forward under Washington orders until those men can register.

The day went off without incident. There was little or no disturbance anywhere in the state.

"All this points to the wave of patriotism which sweeps this good old state of ours in times of national need," the governor said.

R. N. A. Meeting at Skidmore.

The fifth county school of instructions and class adoption of the Royal Neighbors of America will be held at Skidmore, June 13, under the direction of District Deputy, Maggie M. Thompson, Alfreda Tulloch of Maryville is on the program for a solo. The Maryville Royal Neighbors will give a suffragette play.

H. E. Ewing of Tarkio was in Maryville yesterday on business.

TO HAVE ATHLETICS

(Continued from page 1.)

this time. Missouri Wesleyan College and Cape Girardeau Normal were not heard from. William Jewell first declared for suspension during the war but later reversed herself and voted for continuance.

In accordance with the action of the association the schools will play out all existing schedules of athletic games and will continue to schedule games for next year just as in former years.

Another action of the association at the last meeting was the adoption of a motion instructing Secretary Hanson to "make formal protest to the President of Westminster College, Fulton, Mo., regarding the unsportsmanlike conduct of the Director of Athletics and players." The complaint against this school was quite general over the conference but there has been a shake-up in the athletic department of the school and conditions are much improved.

Fred Armstrong of Ravenwood is in Maryville today.

To Tell When War Will End.

An interesting little problem is going the rounds just now. You are asked the year of your birth, the year of your marriage, your age, and the number of years married. You add them together, divide by two, and you get the year in which the war will end! Here is an example:

Born	1850
Married	1872
Age	67
Years married	45
Added together, you get	3834
And divided by two, you get	1917

As the answer is always 1917, whoever tries the problem, you get a result which pleases everybody. There is just one snag about this problem. It only works if your birthday and marriage anniversary have already passed for this year. If they are still to come you must reckon your age at your next birthday and the number of years you have been married when the next anniversary arrives. Try problem on your married friends.—Hopkins Journal.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine — double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

Grows Tired of Canada.

Rev. H. M. Baker, a former pastor of the Christian church of Hopkins, and who married a Hopkins girl, Miss Bess Kime, has decided that he likes the United States better than he does Canada, resigning his pastorate of the First Christian church of Portage La Prairie and he and his wife are now in St. Louis.—Hopkins Journal.

Students at Home.

Miss Doris Clutter is home from Parkville and David Robb from the state university. Miss Crystal Wilson and Lois Sargent are expected home soon from Fulton and Jack Moorhead from Baker university at Baldwin, Kansas.—Hopkins Journal.

Miss Lena Gore of Atchison, Kan., is a guest at the home of Mr. and Mrs. P. R. Moore.

Will stand at my farm, 3 miles west of Maryville, Mo., at $15 to insure a colt.

J. L. SCOTT.

WOMEN OF MIDDLE AGE

Mrs. Quinn's Experience Ought to Help You Over the Critical Period.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—Mrs. MARGARET QUINN, Rear 25 Worthen St., Lowell, Mass.

Other warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness.

If you need special advice, write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

COMMUNICATION

Mrs. Oran Thompson Writes.

Mrs. Oran Thompson, formerly of Maryville, sends the following letter from her new home at Dwyer, Wyo.:

"It is almost impossible for me to do without a Maryville paper and we think that the Democrat-Forum is the best. We are on a homestead, five miles from Dwyer. The spring crops that are up look fine but the corn and potatoes have not all been planted on account of the difficulty of getting into the fields.

Dwyer is going to have a big flag raising Sunday. They bought the material for the flag and the women made it. It will stand forty feet in the air. So you see, Dwyer is for the United States.

There are many from Missouri here. All of the land is taken up except a little rough land. A school section adjoining our farm sold for $18.50 an acre, so that makes us dry homesteaders feel fine.

The wild flowers are like wax flowers. The sweet Williams and violets are yellow instead of blue like they are in Missouri."

Pickering Circuit M. E. Church.

Next Sabbath at 10 a. m., the Annual Children's Day service will be given by the Junior department of the Sunday school. Everybody is cordially invited. Our average attendance for May was 188 and average collection $6.45. Very good, but we can beat it. We must reach an average of 200 during June. If everyone will boost a little it will be easy. Our third Quarterly meeting will be held at Mozingo church June 16 and 17. Quarterly conference Saturday, June 16 at 2:30 p. m. Dr. Burns will preach Saturday night and Sunday at 11 a. m. Ladies Aid meeting at the parsonage next Thursday. The pastor will preach at Myrtle Tree next Sunday at 11 p. m., and at Pickering at night. —C. S. Dayhoff, pastor.

BOTH PHONES

PLANT NAVY BEANS

ONE OF THE EASIEST CROPS TO GROW IN MISSOURI.

THEY NEED AVERAGE CARE

In This State the Yield is From 10 to 25 Bushels With A Favorable Season.

Navy or field beans is one of the easiest crops to grow in Missouri and to the southward. Beans will make a good yield on poorer soil than almost any other farm crop: they may be planted then on soil which would not produce a good corn crop. Even on thin Missouri soils they would not require fertilizers. They can be planted late, after the spring rush of other crops is over. They will demand only one-third the cultivation required for corn. In Missouri a yield of from 10 to 25 bushels may be expected in a favorable season and with average care. These advantages together with their high food value and the ease with which they can be stored make navy beans an excellent war crop.

Field beans should be planted any time between June 15 and the second week in July in Missouri. This gives time for previous plowing the soil to turn under weeds, frequent discing or harrowing to kill sprouting weed seed and permits settling the soil and preparing a fine seed bed before the beans are planted. If the soil is handled in this manner, practically all the weeds can be killed and most of the cultivation completed before the beans are planted.

The beans should be planted, 20 pounds to the acre, 1 inch deep and about 3 inches apart in rows 20 to 36 inches apart to admit horse cultivation. If corn cultivators are to be used, it is best to make the bean rows the same distance apart as the corn to avoid changing the cultivators.

As soon as the beans are up, they should be thoroughly cultivated to break the crust. If the soil is fine, this may be done with a spike tooth harrow without killing the plants. Only one or two subsequent cultivatings will be needed unless the land is weedy.

Beans should be harvested when the seeds are fully ripe, in small areas the plants may be pulled by hand. As the stems get fully ripe, the roots rot sufficiently that the plants frequently may be gathered with a horse rake.

Small lots of beans may be threshed on a barn floor with a flail or stick. If grown on a large scale, special bean threshers are best: the ordinary wheat thresher is often used though it is likely to break some of the seed. Skillful threshing machine men often clamp a larger pulley on the cylinder to reduce the speed one-half, and remove one-half the teeth from the concave.

If beans are to be stored after threshing, weevil can be kept out during the entire winter by fumigating once with carbon bisulphide. If stored in large quantity, 1 pound of carbon bisulphide should be used for a space 10 feet wide, 10 feet long and 10 feet high. The bin must be tight to hold the fumes of the carbon bisulphide for 24 hours. Carbon bisulphide can be poured on the top of the beans. The fumes are inflammable, so the work should be done away from any fire.

LABOR NEEDED ON FARMS

Is A Limiting Factor in Crop Production This Year — Horses Are Relatively Plentiful.

Labor is the limiting factor in crop production this year. Horses are relatively plentiful in comparison. O. R. Johnson of the department of farm management of the Missouri College of Agriculture suggests that the farmers lay aside one-man and two-horse tools and use those that require more horses so that more work per man can be done. One man with three horses to a sixteen inch breaking plow will turn over three acres or less in one day. The same man with a gang plow consisting of two twelve inch bottoms will average 4¾ acres a day and will use one more horse. This means that by increasing the horse stock one-third, one man can increase his efficiency in breaking ground nearly 75 per cent.

Investigations have actually shown that a man on a riding implement will do more work in a day than the same man and the same team with implements that require him to walk. The use of bigger tools and thorough preparation of seedbeds will also cut down the time required for cultivation of the corn crop. Cultivation is the operation which limits the amount of corn one man can grow. If a good seedbed is prepared, some time can be saved in cultivating the crop, and consequently more acres can be grown.

ADVERTISED LETTERS.
